## Factories at Other Points in Troubled District Are Still in Operation—Workers' Council Notifies Allies That Government Troops Are Advancing, and Requests Stoppage

## THREATEN TO DESTROY FACTORIES AND MINES

### Correspondent of London Times Says Red Guards Would Be Unable to Withstand Attack—Reason for France's Refusal to Permit Occupation by Government Force

LONDON, March 31.—The Essen correspondent of The London Times, telegraphing from Cologne today, says he was forced to go to Cologne, as the Ruhr Valley is isolated from the rest of the world, there being no trains, telegraph or telephones.

Several factories are still in operation, although all are picketed by Red Guards. The workers of Dusseldorf refused to strike, and it was reported at Essen that the Bochum workers had taken similar action. The Reds ordered Krupp's to cease work yesterday, and the huge factory was lying idle, to the disgust of the workers. The supreme workers' council sent a delegation to Cologne Monday to inform the Allies that the Reichswehr troops were advancing into the Ruhr basin without the Entente Powers' permission, and to request them either to order that this invasion cease or occupy the Ruhr territory themselves. As the delegates threaten to blow up the factories and mines unless the Entente takes action, it will possibly be necessary for the Allies to occupy the Ruhr district.

Reporting a visit to the Red front, the correspondent says the discipline of the Red Guards seems to have improved, and they are determined not to surrender their arms, unless, possibly, to the Allies; but their line is thinly held and often disconnected.

There is a lack of artillery and machine guns, and, above all, food and ammunition. He is convinced that the Reds could not withstand a serious attack for an hour.

The correspondent reports that Dortmund is surrounded by the Reichswehr and is expected to fall at any moment. The inhabitants are entirely without food.

**Troops Would Aggravate.**

PARIS, March 31.—Semi-official interpretation of the letter of Premier Millerand to the German charge d'affaires, Dr. von Meyer, denying permission to the Germans to send troops into the neutral zone near the German border, is that there is no longer any question of permission for German troops to enter the Ruhr district under any condition.

It is said that information received by the Foreign Office from various Allied sources confirms the previous impression that the presence of more troops in the Ruhr district is not only unnecessary, but would be likely to provoke fresh trouble, whereas the situation is now improving.

**Reichswehr Advance.**

BUDERICH, Rheinish Prussia, 31.—The Reichswehr troops have advanced eastward and southward and have occupied Huxe, Haltern and Achem. The Spartacans lost three guns in the fighting.

**Labor Unions' Ultimatum.**

ROTTERDAM, March 31.—A dispatch to The Rotterdam Courant from Essen says the representatives of the labor unions and of three Socialist parties have issued an ultimatum to the government threatening a general strike in all Germany unless their demands are granted. The demands are: First, binding the Government to recognition of the resolutions passed at Bielefeld; second, abolition of military measures contrary to the resolutions; and, third, the recall of Gen. von Watter and granting forty-eight hours in which to carry out the Bielefeld armistice terms.

## BRITAIN ENJOYS BETTER REVENUE

LONDON, March 31.—The returns for the financial year just ended show a revenue of £1,339,571,381 sterling, an increase of £450,500,000 over the preceding year.

The expenditure was £1,665,772,928, showing a decrease of £913,500,000, and making the year's expenditures more than £326,000,000 in excess of the revenue.

**Paris Votes Loan in Canada**

PARIS, March 31.—The municipal council today voted to float a loan of $30,000,000 in Canada, repayable in ten years. The proceeds will be used to purchase merchandise in Canada.

**Kaiser Correspondence Closed**

THE HAGUE, March 31.—The Entente's reply to Holland's last "Kaiser note" is regarded as ending the correspondence on the subject.

# ITALIAN CHAMBER VOTES CONFIDENCE

## Supports Cabinet by Majority of 55—Premier Nitti States Government's Position on Various Questions

ROME, March 31.—The Italian Chamber of Deputies last night gave the Cabinet a vote of confidence, 250 to 195.

Before the question of confidence was put to a ballot, Premier Nitti made a statement in answer to various speakers, in which he said he felt that he was far away from the Socialists, but equally far, and indeed, still further, away from those suggesting a reactionary policy or the application of the law in a rigorous or provocative manner.

Regarding emigration, the Premier said the Government was only aiming to direct it in the best manner to countries where the emigrants would have work insured them and protection guaranteed. The Government does not favor emigration, he continued, but it is inevitable, in view of the fact that the average annual excess of births over deaths is 500,000. Emigration to the United States was out of the question, because labor was not needed there, Signor Nitti said. Brazil, however, desired peasants and workmen, but no engagement had yet been taken with that government on the subject, with the exception of negotiations for a labor treaty.

"All of us foresee that our emigration will direct itself toward Brazil, which is fifty times larger than Italy," the Premier asserted. "Germany foresees the same thing."

The Premier said that throughout the Islamic world a sentiment of sympathy existed toward Italy because she had defended the Turks and proclaimed that she had no intention of annexing their territory.

"We would never agree to go to Constantinople as the vassals of England, but would only go there to defend the liberty of the Dardanelles, indispensable for trade with Southern Russia," he declared.

"This is the part interesting to us, because of the products we desire to import from Southern Russia. It is necessary to have Italian troops at Constantinople only to maintain public order."

Regarding complaints concerning Italy's attitude toward the Hungarian Government, Premier Nitti declared he deplored the cruelties committed by Hungary.

In conclusion, the Premier reiterated his promise that all the workmen's organizations, to whatever party they belonged, would be proportionately represented in the council of labor, according to the number of their members.

# SINN FEINERS OFFER DENIAL

## Say Statement That Lord Mayor of Cork Was Murdered After Expulsion From Brotherhood Is Untrue

## MAKE PREDICTIONS REGARDING INQUEST

### Professor Stockley Declares He Knows Nothing of Membership—Police Barracks in County Cork Blown Up

LONDON, March 31.—The statement that Lord Mayor MacCurtain was murdered after his expulsion from the Irish Republican Brotherhood, according to the Dublin correspondent of The London Times, is denounced with indignation by Sinn Feiners in Cork and Dublin, and, indeed, by the whole Nationalist press. The Freeman's Journal says that the story was invented in order to throw the public off the track, and repeats its conviction that the Lord Mayor was murdered by men who believed they were thus helping the British cause in Ireland. Professor Stockley, of Cork, against whose life a recent attempt was made, declared that he never attended a meeting of any private society with the Lord Mayor, and that he knew nothing about a membership in the Brotherhood. Arthur Griffiths, acting head of the Sinn Fein, describes the report as a falsehood. He asks the public to wait until the inquest is ended, and says that patience will be rewarded.

The Crown has taken no action on the report, but the concluding stages of the inquest are being followed by the public with extreme interest.

The London Times considers that the very "substantial" majority secured by the Government on the second reading of the Home Rule Bill gives it "wider freedom to frame and pursue in accordance with the higher principles a great measure of constitutional reform."

"In its present form," The Times continues, "the bill is far from an equitable settlement, and it will require more cogent evidence than the Parliamentary division list to persuade the Irish people to the contrary. Nevertheless we hold that it is within the power of Parliament vastly to improve it. Now that Ulster has given her grudging assent, there remains to be fulfilled the paramount duty of securing for the Nationalists of Ireland a measure which will at least be a fair instalment on their hopes."

SKIBBEREEN, County Cork, Ireland, March 31.—More than 100 armed men attacked the police barracks at Durrus, seven miles southwest of Bantry, County Cork, with rifles and petrol bombs last night. A portion of the building was blown up and two policemen were wounded, one seriously. After a fierce fight the raiders, some of whom are believed to have been wounded, were driven off.

# FRENCH FINANCES CAUSE ANXIETY

## Lively Discussion Is Raised in Senate Over Government's Proposals—Ex-Premier Ribot Is Pessimistic

PARIS, March 31.—The Senate today witnessed a lively discussion on the financial difficulties of the Government. Frederic Francois-Marsal, Finance Minister, stated that the new loan had produced more than 15,000,000,000 francs, but said this represented equal conversion of former bonds and cash.

Much criticism was provoked by the Minister's declaration that a provisional three-twelfths of the Budget, which the finance commission was disposed to favor, would perhaps suffice for the immediate needs of the Government.

Among the other speakers was former Premier Ribot, who produced a profound impression by the dark picture he presented of the financial condition of France.

The question of confidence in the Government was raised and insisted upon by Premier Millerand. The session was suspended at the request of the chairman of the finance commission, so that the commission might hold an emergency meeting.

On the reassembling of the Senate it was announced that the finance commission conceded to the Government's wish and that it supported the proposition that the provisional three-twelfths of the Budget be voted, the sum amounting to about eight billion francs. The general discussion, therefore, was closed.

The Senate finally adopted the bill granting the provisional credits asked by the Government. There were only eight votes against the measure.

**Ontario Labor Commission**

TORONTO, March 31.—In accordance with a decision reached at the recent international labor conference at Washington, the Ontario Government has appointed a commission which will confer with similar commissions from other provinces with a view to co-ordinating and unifying the labor laws of the Dominion and the provinces.

# LEADERS IN HOME RULE DEBATE SHARPLY SNUB U. S. POLITICIANS FOR MEDDLESOME INTERFERENCE

## PLAN MURDER OF SIR EDWARD

MONTREAL, March 31.—The Montreal Star tonight publishes the following cable from London:

"During the debate on the Irish Home Rule Bill today, Sir Edward Carson, the Ulster leader, said he had been warned by Scotland Yard that Clan-na-Gael members had landed from the United States with the avowed intent of assassinating him."

## Premier Lloyd George Reminds Senate That It Is Taking Course Similar to That Which Led to War of Secession—Sir Edward Carson Says Assassins Are Americans

## SECOND READING OF BILL CARRIED

### Vote Is 348 to 94—Both Premier and Ulster Leader Condemn Mr. Asquith's Home Rule Scheme—Mr. Adamson Objects to Present Bill, but Presents No Alternative Plan

LONDON, March 31.—The United States was handled without gloves by Premier Lloyd George and Sir Edward Carson, the Ulster Unionist leader, in the House of Commons debate today on the second reading of the Irish Bill. The Premier said it was action such as that taken by the United States Senate in adopting the Irish resolution that had fostered secession.

"I want to say this to our American friends: Mr. De Valera is putting forth the same claim in exactly the same language as Mr. Jefferson Davis; and the ancestors of some of the men who voted for that motion in the Senate the other day fought to the death against conceding to the Southern States of America the very demand their descendants are supporting for Ireland. The acceptance of that demand we will never concede. It is a demand which, if persisted in, will lead to exactly the same measures of repression as in the Southern States of America. We claim nothing more than the United States, and we will stand no less."

This passage was loudly cheered.

Premier Lloyd George also attacked the Asquith plan, saying that it was leading to the proclamation of an Irish republic and secession.

Sir Edward Carson, in opening the debate, said he believed that the Irish murders were committed, "not by my countrymen, but by ill-conditioned Americans," misled by Sinn Fein propaganda, which, he exclaimed, pointing to the Government, "you are doing nothing to counteract."

"Do you suppose that if I worked against the bill and it was killed, and the 1914 Act becomes effective, I could call upon my followers to get their rifles to maintain our position in the six Ulster counties, when this bill gives us the right to control those counties?" asked Sir Edward Carson.

He declared that Mr. Asquith, by his proposals for amending the 1914 measure, "killed his own child," which was so distasteful to Ulster. He promised that Ulster would do the best it could under the two-parliament plan.

The second reading of the bill was passed by 348 to 94. The attendance for the vote was the largest during the present session.

**Only Plan in Field**

Replying to arguments against the bill, Premier Lloyd George declared that the Government had every reason to be satisfied with the course of the debate, as it demonstrated that the Government's plan was the olny one that held the field. The difficulty of the problem, said the Premier, was that no proposals which would be acceptable to any party in this country would be accepted by any party in Ireland. If the people of Ireland were asked what plan they would accept, declared Mr. Lloyd George, they would reply by an emphatic majority: "We want independence and an Irish republic."

The Premier insisted there was no use talking about self-determination, since those who supported it must go the full length of granting an Irish republic.

"Self-determination," continued the Premier, "does not mean that every part of the country, which has been acting together for a hundred years, should have the right to say: 'We mean to set up a separate republic.' There must be a limit to the application of any principle, otherwise it might be carried to every territory in every country throughout the world."

Mr. Lloyd George asserted that no one had accepted the plan of former Premier Asquith.

**Assembly Would Be Failure**

Dealing with the suggestion of John R. Clynes, Labor, for a constituent assembly, the Premier emphasized that the previous Irish convention had failed, and asked if it were likely that the assembly proposed by Mr. Clynes would be any more successful. Since any proposal which Irish opinion would by a large majority accept would not be accepted by any party in Great Britain, Mr. Lloyd George declared therefore, the Government must exercise its judgment for the United Kingdom and the whole Empire in order to come to the wisest conclusion possible.

The Premier reiterated his declaration that the Government plan held the field because it recognized the fact that the House would not satisfy Irish opinion in its present state without destroying the essential unity of the Kingdom.

**Independence Impossible**

The demand in Ireland for the moment was for independence and secession, Mr. Lloyd George said he wanted to say to "our American friends that Eamonn de Valera was putting forward the same claim in exactly the same language as Jefferson Davis," and that some of the men who voted for the Irish self-determination motion in the Senate the other day had ancestors who fought to the death against conceding to the Southern States of America the very demand they are now supporting for Ireland.

The acceptance of that demand, declared the Premier, would never come. It was a demand which, if persisted in, he said, would lead to exactly the same measures of repression as in the case of the Southern States of America. Great Britain, he declared, claimed nothing more that the States had claimed for themselves. Great Britain would stand on its own legs.

**Union May Strengthen**

There were certain powers which might be conferred upon Ireland when she seized down to an established union and accepted partnership with the United Kingdom, said the Premier, but if they were given at the present time they would be only wasted, to the harm of the union and of herself. It would be placing dangerous weapons in the hands of an imperfect people, he declared. The Premier concluded by saying he believed the bill would result in bringing about the union of the North and South, union of Protestants and Catholics, union of Great Britain and Ireland.

Mr. Lloyd George said he did not

# WIDOWS AND ORPHANS ASSISTED BY FUND

OTTAWA, March 31.—H. A. Mackie, of Edmonton, asked in the House this afternoon if orphans or widows with children received any share of the $40,000,000 voted by Parliament last session.

Hon. Mr. Sifton replied: "Widows with children and orphans are assisted by the Canadian Patriotic Fund when they are ineligible for a Federal pension, and when the man has seen service overseas. Under certain conditions, assistance is sometimes rendered to widows even if they are in receipt of Federal pensions."

# VICTORIA LOSES FIRE RATE CONTROL

## Organization of New Board for Whole of Province, Supplanting Island Association, Is Decided On

Control of Vancouver Island fire insurance rating will be centred in Vancouver from now on, if a resolution passed yesterday at a stormy session of insurance agents in the Belmont Building is finally approved by the advisory boards sitting in Montreal and San Francisco.

By a vote of 49 to 14, after several hours of heated discussion, it was decided to form a British Columbia Board of Fire Underwriters, with headquarters in Vancouver and jurisdiction extending through the Province. This will automatically lead to the elimination of the Vancouver Island Fire Underwriters' Association, the secretary of which, Mr. John L. Noble, has already given notice of resignation.

Vancouver Island will have three members on the newly organized board and will be decidedly in the minority, as there are to be 12 members on the board. Opponents of the move claimed that Victoria ratings are likely to suffer as a result, owing to the greatly increased fire hazard prevailing in Vancouver and the probable tendency to rate Victoria on the same basis as Vancouver, or more nearly the same than in the past, when ratings were made in Victoria.

In future all insurance reports from the Island will be made through Vancouver and dealt with there. It is understood that a number of the insurance men who were personally against the proposal, yet did not wish to record themselves accordingly, purposely absented themselves from the meeting.

# MORE RETURNED MEN FIND EMPLOYMENT

OTTAWA, March 31.—Improvement in the employment situation and voluntary increases in wages are features shown in the weekly report of the information and service branch of the Department of Soldiers' Civil Re-establishment.

There has been a decrease of 2,000 in the number of unemployed ex-service men reported, the total now unplaced being recorded at 20,200.

During the week employment was found for 3,251 former members of the Canadian force.

Voluntary increases in wages are recorded at various points in Ontario and British Columbia. The information and service officials report increasing demand for labor and a general improvement in employment conditions.

Up to date 141,212 applications for employment have been successfully placed through the efforts of the information and service branch.

**Winnipeg's Water Bonds**

WINNIPEG, March 31.—A deal was completed today whereby a Toronto syndicate composed of Wood, Gundy & Co. and the Dominion Securities Corporation, purchased $1,000,000 worth of 20 year bonds, yielding 6 per cent interest. The price secured was 98.288. The proceeds will be used for the completion of the Greater Winnipeg Water District aqueduct.

**Great Lakes Navigation**

CHICAGO, March 31.—Navigation on the Great Lakes will open about April 10, the weather bureau announced today.

# IS SATURNALIA OF EXTRAVAGANCE

## Mr. W. J. Bowser, K.C., Slated Government's Financial Record — Thirty-Five Millions in Borrowings

Declaring that never before in the history of the Province has there been exhibited such a saturnalia of expenditures as that proposed by the Oliver administration for the coming fiscal year, a policy of lavish outlays that must make the people of the Province stand aghast, as administrative outlays are doubled, revenues, under the spur of a corp of energetic tax collectors, also double, and borrowings quadrupled, Mr. W. J. Bowser, K.C., Conservative leader, arraigned the financial operations of the administration in a three hours' speech in the Budget debate in the Legislature yesterday afternoon.

The Opposition Leader was in excellent form and covered the whole gamut of Government activities. He stated the Minister of Finance for bringing down what he declared to be camouflage surpluses when secured through the simple expedient of charging a large part of expenditures to capital account and thus pretending that he was keeping current outlays within current revenues. Whatever the pretence, the fact was, Mr. Bowser stated, each year was showing a growing deficit in the face of the gouging of the already over-burdened taxpayer from whom revenues larger

# *Soviet Tells Chinese Of Army's Advance*

## Says Workmen and Peasants Are to Be Delivered From "Brigands," and Makes Many Promises of Concessions—Report of Japanese Reverse Near Nikolaievsk

LONDON, March 31.—A dispatch to The London Times from Pekin dated March 29 says the Chinese Government has received a message from the Moscow soviet announcing that a Red army is marching east to succor the workmen and peasants in Soberia from the "brigands Keltchak, Semenoff, Horvath and their Japanese allies, and establish everlasting peace."

The communication expresses horror at the crimes committed against China, and undertakes to annul all treaties and renounce all privileges improperly acquired from China.

China is urged in the communication to resume negotiations for the restoration of the Chinese Eastern Railway, the cancellation of the protocol of 1901, and extra-territorial rights hitherto enjoyed by the Russians, and the renunciation of the "Boxer" indemnity, the privilenge of orthodox missionaries and mining rights.

The dispatch says the soviet also offers a hand-over to China without charge the great Russian tea factories at Hankow. The only condition made is that the people of China have complete freedom to determine their own system of government. The message, the dispatch declares, vaguely indicates that the services of the Red army will be available to deliver China from foreign imperialistic and capitalistic ambitions.

HONOLULU, March 30.—Severe losses were suffered by Japanese troops stationed near Nikolaievsk, Siberia, in a two-day battle with Russian forces which began on March 18, says a Tokyo cablegram to the Nippu Jiji, a Japanese vernacular newspaper, here. The cablegram quoted delayed dispatches from Japanese military headquarters in Siberia as its authority.

According to the Nippu Jiji's advices the Russians destroyed the Japanese consulate at Nikolaievsk during the fighting and the fate of the consul, Mr. Ishida, is unknown.

LONDON, March 31.—Bolshevik troops have penetrated to Petrovsk on the Caspian Sea, Red cavalry occupying that town March 28, according to a wireless from the Soviet Government at Moscow today.

At Petrovsk five armored trains and enormous booty were taken. All oil wells were intact, it is declared.

# *Propose to Declare That War Is Ended*

## Republicans Draw Up Joint Resolution for Passage by Congress—Repeal of President's War Powers—Democrats Secure Delay From Tomorrow to Monday

WASHINGTON, March 31.—Peace with Germany through adoption of a joint resolution declaring the war at an end was put squarely before Congress today by Republicans in control of the House.

Framed by Republican members of the Foreign Affairs Committee, and backed by party leaders, the measure was thrown into the hopper with as little ceremony as if it had been a bridge bill, but instantly there developed a demand for speedy action. A move to jam it through the House on Friday took shape, but Democrats outspoken in their opposition, finally obtained an agreement to postpone consideration until Monday.

While trying to work out a resolution calculated to suit all factions of their party, Republican committee men had arranged to call it up Friday, remembering that it was on Good Friday three years ago that war was declared.

The resolution provides for "termination of a state of war," as soon as it becomes effective. It provides also for reciprocal trading with Germany under certain restrictions and for repeal of the President's war powers. Germany would be allowed forty-five days "to notify the President that it has declared a termination of war," and has waived all claims against the United States "that it would not have had the right to assert had the United States ratified the treaty of Versailles."

Upon Germany's failure to send such notification, trading or the making of loans or credits, would be prohibited except with the license of the President.

Republican members of the Foreign Affairs committee, to which the resolution was referred without comment, conferred for more than five hours before they mapped out a measure designed to overcome all party objections. The committee will meet tomorrow and is expected to report it to the House.

Leaders declared the Republicans would vote solidly for the resolution, which they held should meet the approval of the State Department since it did not declare peace, but simply put an end to an existing state of war.

Democrats on the other hand, contended that termination of the war rested solely with the executive branch of the Government. The certainty of a presidential veto was pointed out, but Republicans predicted that there would be no difficulty in obtaining the necessary two-thirds vote to pass it over the veto.

## LOOKS INTO DIVORCE OF MARY PICKFORD

RENO, Nev., March 31.—The entire record of the Mary Pickford divorce case is under a close investigation by Robert Richards, Deputy Attorney-General of Nevada, for the purpose of ascertaining whether it holds any irregularities or evidence of fraud or collusion that will justify an action being taken to set the decree aside. The Deputy Attorney-General said this morning that when his investigations are concluded action will be taken by the state in case the facts justify it.

"Just at this time," said the Deputy Attorney-General, "I am unable to say what will develop in the Pickford case because the investigation I am making has not been completed. I am going over the entire record of the case, and if there are irregularities or any evidence that a fraud was worked on the court or that there was collusion, some action will be taken to set the decree aside."

# PRINCE PASSES THROUGH CANAL

## Slightly Delayed by Rock in Culebra Cut—Festivities at Atlantic and Pacific Ends of Great Waterway

PANAMA, March 31.—Blasting operations in the Culebra Cut section of the canal were necessary yesterday before the British battleship Renown, with the Prince of Wales on board, could proceed through the great waterway. As the landslides have recently occurred, boats went ahead and discovered a rock fifty feet square wirectly in the vessel's course.

After a wait of two hours the rock was removed and the Renown was towed through the dangerous channel. When the Renown arrived at the Atlantic end of the waterway it was boarded by Governor Harding, President Lefevre, American and French representatives and commanders of the United States military, naval and Isthmian forces. When the Gatun dam was reached Governor Harding explained the operation of the canal, the Prince expressing astonishment at the magnitude of the engineering feat accomplished here.

A luncheon was given on board, the only toasts being paid to President Wilson and King George. The British minister gave a dinner, reception and dance at the Hotel Tivoli tonight.

Crowds greeted the Prince as his ship proceeded through the canal, while airplanes whirred overhead and served as escorts. The Prince appears to be in better health than when he visited Canada and the United States.

Prominent members of the British colony here presented an address to the Prince of Wales aboard the Renown and the rest of the day was spent in sightseeing. In the evening the Panama Government will give a state banquet in honor of the royal visitor, which will be followed by a reception and formal ball.

The Renown will sail Thursday for San Diego, after taking on board 3,000 barrels of oil at Balboa.

From San Diego, where the United States State Department will send a representative to again welcome the Prince of Wales to the country, the Renown will proceed to Honolulu, where she will arive April 16, and thence to the Fiji Islands, New Zealand and Australia.

The members of the suite of the Prince of Wales are Rear-Admiral Halsey, chief of staff; Lieut.-Colonel E. Gregg, secretary; Sir Godfrey Thomas, personal secretary; Captain Dudley North, equery, and Captain Lord Claud Hamilton and Captain Hon. Piersleigh, aides.

The Rear-Admiral's staff composed of Lieut.-Commander A. Janion, paymaster, and Sub-Lieut. Lord Louis Mountbatten, flag lieutenant.

# MEMBERS DIFFER AS TO TRAINING

## Mr. Mowat's Resolution Comes Up in House and Has Mixed Reception — Discussion Is Finally Adjourned

OTTAWA, March 31.—A quiet day in the House preceded the Easter adjournment. Discussion of a resolution by H. M. Mowat, of Parkdale, for four weeks' training each year for every Canadian between the ages of 18 and 25, to the end that he might be fitted for civilian life and to defend his country in time of war, consumed the whole of the afternoon sitting. At 6 o'clock the House adjourned until next Tuesday.

The debate on Mr. Mowat's resolution brought out a large number of speakers for and against, General W. A. Griesbach, Edmonton, in supporting the resolution, referred to the League of Nations as "a pious hope."

It is hoped, he said, "that the nations which won the war will band together long enough to secure as great an amount of compliance with the peace terms with Germany as it is possible to get. Beyond that we should not rely upon it for a single moment."

He favored the principle of universal military training.

J. A. Maharg, of Maple Creek, thought it an inopportune time to bring forward a motion of this nature for the consideration of a war-weary people. He suggested that the ends which Mr. Mowat was desirous of achieving might be as well or better obtained by encouragement of the healthy spirit of rivalry in athletic sport. He also expressed the view that the woman of Canada must be developed, as well as the men, if a strong, virile race was to result. Physical training should be started in the primary schools.

Major G. W. Andrews, of Winnipeg, said he would support the resolution if there was any reason to anticipate a war within the next ten years. Regarding this as unreasonable, however, he remarked that it was more important for Canada to do right by those who had fought and suffered in the last war than to be preparing for another.

The resolution was strongly opposed by R. Gould, of Assiniboia, who said that the people of the Western plains wished to defeat the principle of militarism, which was not altogether absent from the motion.

Dr. H. S. Beland was also dissatisfied with the spirit of the resolution, although not opposed to physical training. It was its militaristic suggestion which displeased him.

Finally, on the suggestion of Sir George Foster, acting Premier, the debate was adjourned to give absent members an opportunity to participate in it.

# TURKS EMBARK ON REVOLUTION

## General Outbreak Against Allies Is Reported From Budapest — Vatican Receives Further Massacre Details

PARIS, March 31.—The breaking out of a revolution all over Turkey, except in Constantinople, directed toward the Allies, is reported by the Pester-Lloyd, of Budapest, according to a dispatch from Basle to the Fournier Agency here.

A dispatch from Athens to The Temps today stated that the Greeks are taking steps toward the occupation of Adrianople and Eastern Thrace.

LONDON, March 31.—The French Government, which was unable to get troops to Hadjin, in Asia Minor, in time to prevent a threatened attack on that city by the Turks, has informed the Turkish Government that it will be held responsible for any untoward incidents, according to information received by the British Government.

ROME, March 31.—According to reports received by the Vatican the Catholic missions which suffered most in the recent massacres in Armenia were those entrusted to the Franciscans of the Holy Land.

Father Joseph Achilmian died at Adana, Asia Minor, from exhaustion. Father Muré, Dutch superior of a mission, remained for several days in a grave mental state because of the terrible experience he went through. Father Pardos, superior of another mission, had a miraculous escape from death while protecting Christians under his care. The fate of other missionaries and the students in the schools and orphanages is unknown, but the worst is feared, it was said at the Vatican today.

A Rome dispatch dated March 26, said the Vatican had received reports of new massacres of Christians in Armenia in which several Catholic missionaries, in addition to large numbers of natives, had been killed.

## PERU APOLOGIZES FOR LEGATION ATTACK

BUENOS AYRES, March 31.—Ricardo Mujia, Bolivian minister here, issued a statement today declaring that Peru had given ample satisfaction to Bolivia and had presented her regrets for the recent attacks on the Bolivia legation at Lima and the consulate at Mollendo.

The Peruvian Government reiterated its previous promise that energetic measures would be taken to prevent a repetition of such incidents and that the officer commanding the force guarding the legation would be retired, the statement added.

# SAYS PENSIONS ARE INADEQUATE

## Citizens' League in Winnipeg Urges Government to Make Increases to Meet High Cost of Living

OTTAWA, March 31.—On the eve of the Government committee meeting to consider the soldiers' re-establishment question, many interesting communications are being received, all of which go to strengthen the hands of soldier members in securing what they consider just recognition for those who have suffered through the war.

One letter which has attracted much interest comes from the Citizens' League of Winnipeg. With its membership of six thousand citizens of the prairie metropolis, the league declares that after a careful review of the 1919 pension act, it has decided to petition the Federal Government to make the pensions more commensurate with the high cost of living.

The report urges that the present arrangements are totally inadequate and do not provide for the ordinary necessities of life.

Suggestions sent to soldier members for their consideration and action include one that the amount of $100 allowed for the expenses of a pensioner's last sickness be increased to $200 to meet the present scale of charges for such services. Another one follows the line of action taken by the Federal House at this session which does not take away from a widow any portion of her pension by reason of private income or earnings.

For the totally disabled man the league advocates a pension of $100 rather than the $60 a month now allowed.

The minimum asked for a totally disabled married man is $125 instead of the $75 now paid.

The league urges that the minimum additional pension for children of totally disabled men be: first child, $25 a month; second child, $15 and third or subsequent children, $12 a month.

In the cases of partially disabled men, it is urged that proportionate increases be made. The minimum asked for a widow or dependent is raised by the league from $40 to $60, with proportionate increases for other dependents affected.

The letter concludes by stating that it is not the intention of the recommendations to commit the country to a permanent increase of pensions, but rather to arrange the pensions on a fluctuating basis corresponding to the cost of living.

"We therefore recommend that the increased scale of pensions herein recommended be revised annually on the basis of the cost per week per family for food, fuel, light and rent in terms of the average prices in sixty cities in Canada as published by The Labor Gazette.

"In submitting these recommendations we wish to point out that we believe that the principle of equalization of pensions regardless of rank is fundamentally correct and applicable to any volunteer soldier civilian army such as the Canadian Expeditionary Force. Our recommendations, therefore, refer particularly to ratings below petty officers (naval); rank and file (military). We do not recommend a change in the scale of pensions for higher ratings except where the pension may be less than the proposed new scale for the rank and file, in which case they should be the same."

## ONTARIO DEALING WITH LIQUOR LAWS

TORONTO, March 31.—The debate on the speech from the throne came to an end in the Legislature at 11:50 o'clock last night.

That the Ontario Government has relegated to a private member the introduction of a resolution calling on the Dominion Government to take a referendum on the question of prohibiting importation of liquor into Ontario became known when notice of such a resolution was given by H. McCreary, United Farmer member for North Lanark.

F. G. Sandy, United Farmer member for South Victoria, gave notice of a bill to become effective in the event of the referendum being carried, which would restrict importations into the province to liquor imported by the licence commission for medicinal or commercial purposes. The resolution and the bill will be debated either on Thursday of this week or when the House re-assembles after the Easter recess.

Official announcement was made yesterday that the Government has decided to renew the licences for export liquor warehouses, which expire tomorrow. There are 14 such warehouses in the province.

## PEACE ARCH OPENING WILL BE NOTABLE

VANCOUVER, March 31.—At a meeting of the peace arch committee of the Vancouver Automobile Club, for the purpose of meeting Mr. Sam Hill, President of the Pacific Highway Association, who was passing through Vancouver from Victoria, it was decided that the opening ceremony at Blaine should take place on September 30, when leading representatives of the United States and Canada will be present.

Mr. Hill also announced that, upon that occasion, Marshal Joffre and Madame Joffre had definitely promised to be present, as also had the Queen of Roumania, while King Albert had promised to send a representative.

### Prince Faisal's Agent

PARIS, March 31.—Gen. Noury Said, former chief of staff to Prince Faisal, recently proclaimed King of Syria by the Damascus Congress, has arrived in Paris. He has been entrusted by Faisal with the task of presenting to the peace conference the circumstances which led up to the proclamation of Faisal as King of Syria.

### London Strike Averted

LONDON, March 31.—London for several days has been threatened with a tramway and omnibus strike. The men were demanding a six-shilling weekly advance in wages, and a deadlock between them and the employers appeared imminent. Last night, however, it was announced the companies had granted an advance of five shillings and sixpence and that the strike notices had been withdrawn.

# FRANCE DENIES GERMAN REQUEST

## Refuses Consent to Movement of Troops Into Rebellious District—Reply says "Useless and Dangerous"

PARIS, March 31.—The request of the German Government that it be permitted to send troops to the Ruhr district, in the neutral zone near the German border, has been denied by the Government of France.

Conversations over the German request have been in progress between Premier Millerand and Dr. von Mayer, the German charge d'affaires in Paris. M. Millerand yesterday indicated he would give the German charge an early reply, and it was handed to Dr. von Mayer today.

The reply read: "Replying to your note of yesterday, I have the honor to confirm to you the conditions to which the Government of the French republic desires to subordinate its eventual authorization to permit German trips to enter the Ruhr Valley.

"Such an authorization, which would constitute a derogation of Articles 43 and 44 of the Treaty of Versailles, could be justified only by imperative and evident necessity. The commission charged with the control of the execution of the protocol of August 21, 1919, has expressed to me, as I informed you yesterday, its formal opinion, confirmed also from other sources, that military intervention in that region at present would be useless as well as dangerous.

"Thus, circumstances do not permit me at this time to grant the request of your Government. I must, therefore, reserve my definite reply to the proposition which you made me yesterday."

Premier Millerand concluded by expressing the earnest desire of the French Government to do everything not inconsistent with the defence of French interests to facilitate the task of the German Government.

The direct negotiations between the French and German Governments without the participation of the other Allies developed in the exchange of communications today concerning the question of the occupation of the Ruhr Valley, are regarded here as of extraordinary significance.

Dr. von Mayer, the German charge, made his request for permission to send troops in the Ruhr region to the French Government alone, and to M. Millerand as Premier of France and not as a member of the Allied Supreme Council. Premier Millerand's refusal, delivered today, is in the name of the French republic, without allusion to the Entente Powers.

General Maurice Nollet, head of the inter-Allied Commission at Berlin, reviewed the general situation in Germany before the conference of ambassadors today.

BERLIN, March 31.—Government troops in the Ruhr region have been pushed forward, the time limit fixed in the ultimatum from the Government to the workers there having been reached, says a dispatch to the Abendblatt. Confidence in the Government's declaration has been voted by the Prussian assembly, which has voiced its approval of steps taken in the recent past by the cabinet.

Removal of the Erhardt naval brigade, which took part in the Kapp revolt of March 13, from Doeberitz, is probably prevented because of opposition from railway men in the Altona district.

# B. C. ELECTRIC CO. INSURES EMPLOYEES

VANCOUVER, March 31.—Announcement is made by General Manager George Kidd, of the B.C. Electric Railway Company, in the current issue of the B.C.E.R. employees' magazine, that negotiations have been completed with the Sun Life Assurance Company whereby every office employee of the company who has been one year in the service is insured for $1,000. This insurance, which, for the present at least, only applies to male employees in the company's offices who are over 18, is to be made without any cost whatever to the employees so insured. The company will pay all premiums while such employee is in the company's service, and should an employee leave the service arrangements have been made so that he can continue the insurance by paying his premiums at the same rate.

# CUSTOMS REVENUE IS MUCH INCREASED

OTTAWA, March 31.—An increase in the total customs receipts for the fiscal year ending today amounting to $28,333,377 is shown by the monthly statement issued from the Customs Department.

Receipts for the fiscal year ending today totalled $184,805,079, while last year they were only $156,471,702. For the month of March alone the increase this year was $8,370,481 over March, 1919. The total receipts for the month this year were $21,277,979, while last year they were $12,907,498.

# DEFENCE COMMITTEE WORKS FOR STRIKERS

WINNIPEG, March 31.—The defence committee which is arranging public meetings to be held here on Good Friday in protest against the conviction of the Winnipeg strike leaders, has received messages of sympathy and support from labor organizations in various parts of Canada.

The lumber workers' unit of the One Big Union at Vancouver telegraphed that the "18,000 members" of that unit could be relied upon "to take whatever action is necessary to secure the freedom of those men." The Cobalt Miners' Union wired the pledge of their "moral and financial support." Defence committees in Calgary and Vancouver intimated that protest meetings would be held in those cities on Friday. Nova Scotia miners wired that the matter would be brought up at a meeting in Truro on April 5. Cash donations have been received by the defence committee from the machinists in Carleton Place, Ontario, and the letter carriers in Kingston.

Appeal to the Privy Council will be made in the cases of all the strike leaders convicted of seditious conspiracy, according to defence counsel. The R. B. Russell case will be taken to London first, and depending on it the other cases will be appealed, R. A. Bonnar, K.C., chief defence counsel, stated today. Immediately upon the sentencing of the men convicted last Saturday an appeal to the Manitoba Court of Appeal will be made.

# PEACE RESOLUTION APPEARS IN CONGRES

WASHINGTON, March 31.—A joint resolution declaring the state of war between the United States and Germany at an end was introduced today in the House immediately after its approval at a conference between Republican leaders and members of the Foreign Affairs Committee.

The measure was referred to the Foreign Affairs Committee. Republican leaders plan to bring it up Friday under a special rule with the hope of final action before adjournment that day. Attention was called to the fact that this would be Good Friday, and that war was declared on Good Friday three years ago.

### SLIGHTING VANCOUVER ISLAND

Strongly voiced protest should be forthcoming from the City Council, the Board of Trade and other interested bodies against the decision reached yesterday to wipe out the Vancouver Island Fire Underwriters' Association and hereafter centre the business transacted by that body in Vancouver. The elimination of this organization will be a distinct and, we very much fear, an expensive loss to the city of Victoria. The vote on the submerging of the local body in the Vancouver organization was 49 to 14, but we are given to understand that many Victoria agents absented themselves from the meeting when the ballot was taken. Under the new arrangement, which only awaits the sanction of the advisory boards of Montreal and San Francisco, Vancouver Island will have just three representatives out of twelve on the B. C. Board of Fire Underwriters, and it can be easily imagined from this how the rates established for this community will be regulated, that is to say if they are to be on the basis of those prevailing in Vancouver, where the fire risk is much greater than here.

The step means the removal from this city of a measure of jurisdiction over the rates charged for fire insurance. Since this is a matter in which the City Council is interested we assume it will take action. It is, moreover, a question in which all the business men are concerned; in fact, it affects the interests of all who have house property and who wish to make sure that the rates they are charged are kept as low as are commensurate with the fire hazard in this community and throughout Vancouver Island. Hereafter, if the decision of yesterday is sustained by Montreal and San Francisco, Victoria will be nothing but a stamping office and the local agents will have no control over the rates charged. Protest should be speedy and directed to the advisory boards at Montreal and San Francisco.

### BRITISH COLUMBIA HOUSE

The contention in the Legislature of Mr. J. S. Cowper, M.P.P., that British Columbia House in London should be sold is a proposal of a retrograde character. The natural corollary of his remarks would suggest his belief that this Province should make no effort to interest Britishers in settling in this part of the Dominion otherwise than through the medium of a purely commercial office. What he says about the two visits he paid to B.C. House while in London may be perfectly true, but the conclusions drawn from them are fanciful. There are good and legitimate reasons for the time being, or at least they existed from the conclusion of the war up to a few months ago, why there should not be a particularly active time in the operations of B.C. House. The fact that there was unemployment in this Province was widely advertised. While such a condition existed people in Great Britain would not entertain the idea of emigrating here. At the same time British capital has not been coming here because it has been needed for reconstruction work in the United Kingdom. Neither of these considerations were touched upon by Mr. Cowper.

British Columbia House is an asset to the people of this Province. If it can be developed more as an agency for the encouragement of trade between Great Britain and British Columbia so much the better. We understand a good deal is being done in this direction at present and the possibilities of doing more will multiply in the future. One improvement that could be effected, and which was suggested by this newspaper long ago, is the reestablishment of the Bureau of Information of the Provincial Government, an organization which should keep in continuous touch with British Columbia House affording to that agency all details of development and prospects in the Province. The Government, in reorganizing a Bureau of Information, should make it a centre where the public can get all the information they require about the operations of any department of the Provincial service. It should be an organized centre of publicity working in co-operation with British Columbia House so that both the bureau and the agency in London will always be in possession of up-to-date official information and not matter many months old such as is usually contained in the Government's annual departmental reports.

Mr. Cowper's criticism is of the destructive kind as all such criticism is unless there is detailed explanation of what it is suggested should be put in the place of what it is proposed to destroy. Had this member of the Legislature been in London during the war he would have realised what great good was done through the agency of British Columbia House. It has been and remains an advertisement of actual and great potential value to the Province. Mr. Cowper's remarks would suggest he does not believe in the desirability of fostering British emigration to this Province, or it may be he is unaware of the purposes for which British Columbia House stands.

### AN AGRICULTURAL POLICY

Probably one reason for the Provincial Government's failure to develop an agricultural policy which would be of lasting and cumulative benefit is found in the inadequate salaries paid to experts who are engaged. During the past few weeks a number of these experts have left the service to engage in similar duties elsewhere, but with higher salaries. The consequence is that the agricultural policy has suffered and it will continue to suffer just so long as the Government fails to realise that if it wants good men it will have to pay for them. Apart from this condition there is a need for entire reconsideration of what should be done to encourage agriculture. Some attention is being given to this in the Legislature, but altogether insufficient. Much of the money being spent by the Department of Agriculture is misdirected, and by this we mean it could be more profitably employed. The Provincial Land Settlement Board has not been a success and its operations may impose a future obligation on the Province unwarranted by whatever results are achieved. The Council of Agriculture, which was recently created, or contemplated, should be in a position, if it exists, to advise the Government on what would be the most efficient future policy.

We are unaware of Mrs. Ralph Smith's knowledge of political economy as applied to existing conditions, but what she omitted to point out in her contribution to the budget debate was that people today are demanding and paying for luxuries, where before they were satisfied with the necessities of life. Throughout a considerable portion of the world the standard of living has risen. What our Provincial Government can do to help towards solving world conditions, or changing the appetite of mankind is problematical, to say the least. It has not set a very wholesome example by the manner in which it has profiteered in dispensing liquor for medicinal purposes.

R. G. Dun, of New York and elsewhere, advises American exporters to place their marine insurance with United States companies instead of patronizing London houses, as appears to have been the practice, thus protecting themselves against heavy losses in consequence of alleged depreciation in the value of the pound sterling. Canadians cannot do better than apply this advice to themselves in their business transactions. They should not purchase a single thing in the United States that can be procured at home, if for no other reason because of the comparatively low esteem in which the Canadian dollar is held by Americans.

Although yesterday's Spring day was about one of the coldest of the Winter season, there was a bow of promise in the heavens for the few who had the privilege of seeing it. One brand of tobacco suffered a decline in price. We hope the Provincial Government may not make a note of this and proceed to place a tax on the luxury.

The Vancouver Province thinks it has demonstrated that attempted application of the principle of self-determination is at the root of all the trouble in the different parts of the world, including Ireland.

Do things because others do them, not because they are right. That is the tenor and substance of the argument advanced by advocates of a change in the rule of the road.

## COURSE AT Y.M.C.A. ON TRAINING OF BOY

### Lectures and Discussion Each Tuesday Evening on Problems of Sunday School Teachers and Boy Leaders

A course in boy psychology and practical methods in boy training is being given at the Y. M. C. A. for Sunday School teachers and men interested in boys. The lectures are being given by Mr. Harold Cross, Boys' Work Secretary, who stands high as an expert in the handling of boys. The first of the series was given Tuesday night. Supper is served at 6:30, and the class session commences at 7 o'clock. Lectures are given every Tuesday night, the programme following:

March 30—(1) Nature and Meaning of Adolescence; (2) History and Meaning of C. S. E. T.

April 6—(1) Physical Development; (2) How to Conduct Midweek Session.

April 13—(1) Mental Development; (2) Charting Badges.

April 20—(1) Religious Development; (2) How to Teach Sunday School Lesson.

April 27—(1) Social Development; (2) Planning a Season's Programme.

Those attending these lectures are given ample opportunity to ask questions and to discuss matters thoroughly.

The Spanish language, derived from a mixture of Latin dialect and Arabic, did not come into general use until the sixteenth century.

## U. S. RAILWAYS KEEP CARS FROM CANADA

OTTAWA, March 31.—Discussing railway estimates in the House of Commons today, J. A. Robb, chief Liberal whip, quoted figures as of March 1, showing that there were 59,000 Canadian cars in the United States against 40,000 United States cars in Canada.

The United States railway administration had been urged in every possible way to return these cars, the Minister of Railways stated, but so far had failed to do so. Representations had been made through the British ambassador. There was a shortage of 150,000 freight cars in the United States, and because of this the Canadian Government railroads were not loading cars for shipment to American points if they could help it.

is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later—the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription. Thousands of women have testified as to its efficacy as does the following:

TILLSONBURG, ONT.—"I found Doctor Pierce's Favorite Prescription very beneficial during expectancy. I felt quite poorly, was nauseated and sick, could not eat anything and I was extremely nervous and weak. I took 'Favorite Prescription' and it soon stopped the nausea, my appetite returned, also my strength, and I was soon feeling fine and strong. My baby was strong and healthy, and has always been so. I consider 'Favorite Prescription' a great help to the expectant mother, and am glad to recommend it."—Mrs. Annie Mills, Box 288.

# RATE INCREASE MUST BE HEAVY

## Minister Estimates That 26 Per Cent Would Be Needed to Show Surplus for National Railways

OTTAWA, March 31.—An increase in freight rates of 26 per cent would, it is estimated, be necessary to enable Government railroads to show a surplus. With such an increase there would, at present costs of operation, be a surplus of nearly three million dollars on operation. This surplus does not take capital charges into account, which would still have to be met out of public funds; nor does it take the Grand Trunk Pacific into consideration. It refers to the purely Canadian National system, i.e., the Canadian Northern, the Intercolonial Railway, and the Transcontinental.

The Minister of Railways, as receiver, is in possession of the Grand Trunk Pacific, but it does not formally become the property of the Government until the Grand Trunk is taken over, although Grand Trunk Pacific deficits have to be met out of public funds.

The Grand Trunk Pacific is regarded as a colonization road, and is expected to show losses on operation probably for 20 years to come. Since being taken over by the Government, about a year ago, the increase in operating expenses was $8,247,000; last year it had a deficit of $6,471,000.

For every dollar earned by the Canadian National Railways in 1918, 93.14 cents went into operation costs. When a dollar was earned on the Canadian National Railways in 1919, $1.12 had to be expended for operation. Operating revenue on the Canadian National Railways increased by 13 per cent, but operating expenses increased by 36 per cent.

## IS SATURNALIA OF EXTRAVAGANCE

Continued from Page 1

than ever before in the history of the Province are being extracted.

He estimated that for this year alone the Government will borrow some $22,000,000, bringing the total borrowings by the present Government to the tremendous total of $55,000,000 in the four years the Government has been in office.

He pointed to the amount of $3,202,000 paid for salaries compared with the $1,664,000 in 1916, and spent considerable time criticising the unbusinesslike and wasteful methods of the Land Settlement Board. He appealed to the Premier to drop his engineering proclivities and devote a little more attention to the conduct of his Cabinet confreres in their respective departments.

Premier Oliver will conclude the debate on the Budget this afternoon.

Mr. Bowser suggested that undoubtedly the Minister of Finance would go down in history as the greatest tax collector the Province ever knew. It was apparent from the Minister's form of delivery and the tone of his speech that the latter had no need of the Scotchman's prayer, "Oh, Lord, gie us a guid conceit of oursels." It was apparent the Minister was a man popular with himself, at any rate. Some gems culled from the budget speech, Mr. Bowser suggested, were worth repeating. For instance, "The Government has met the test with courage, honesty and success"; and "Confronting the situation with determination to surmount all difficulties, the Government is also to look backward on what it has done, and forward to the continuance of its policy with satisfaction and pride."

Perhaps it would be found that the Minister did not really have so much real reason for satisfaction. He had been merely drawing upon his imagination, thought Mr. Bowser, who pointed to the Minister's smug satisfaction at the results of the Land Settlement Board's efforts to assist the returned men upon the land, and that individually and in community settlements the men are taking up farms and making good. The fact was, Mr. Bowser declared, the returned men do not know whether they are ever going to get the land, and only on Tuesday a deputation met the Government in an effort to know where they stood. Then there was the Department of Industries, a good plan if proper judgment were used in dealing with the public funds being loaned. It was, he recalled, in the dying days of the last session that a delegation of returned men literally forced the Premier to bring down a policy which, it was certain, he had never intended to introduce and which today would not have been in existence had that pressure not been exerted by the veterans in such determined manner.

The whole future of the Department and its work depended upon the manner in which it was administered and it would appear that right from the start its work had not fallen upon pleasant lines. There had been, as a member of the Advisory Board of the Department, Mr. A. C. Flumerfelt, a man of outstanding business ability, one of the leaders in business in the Province and, indeed, in the Dominion, a director of the Canadian Bank of Commerce, and one whose ability was universally recognised. But as a result of the actions of the Superintendent of the Board, or of the Board itself, it was not yet known, for the Premier, as yet, had made no statement on the matter—had resigned.

Premier Oliver—I have already given all the information on that matter I know.

Presumably, Mr. Flumerfelt had not been satisfied with the business methods of the Board, said Mr. Bowser, who admitted it might be rather unfair to criticise the Board at present, as it had not been long in operation. By next session there would be available a better opportunity to deal with its work.

"Does any honorable friend expect to be back here next year?" asked the Premier.

"I think so. The manoeuvring of my friends opposite indicates they will hold on to the very last minute, for they know that once they take the plunge they will be lost," replied Mr. Bowser.

Referring to the claim by the Minister of Finance that the present Government had rehabilitated the credit of the Province, Mr. Bowser demanded to know by whom had it been placed in jeopardy. The Conservative administration in 1916, shortly before it left office, had floated a loan at 5.56 per cent, as favorable as any floated by the present Government. Just before it left office and, in fact, after the general election but before it vacated office, it had received similar favorable offers. That showed that the Provincial credit then was good and was so when the present Government took office. In 1917 the rate jumped to 7½ per cent, an advance that could be reasonably expected in view of the fact that all through the country the Liberals, in 1916, had been crying "wolf," and it was only natural that the Eastern capitalist concluded something was wrong.

The cry had gone forth that the then Government had dissipated all its assets. It was refreshing now to read the beautiful advertisements issued by the Government, telling of the great resources it has discovered since it took office, still belonging to the Crown. For instance, he quoted from a Government advertisement in The B. C. Financial Times, of Vancouver, one paid for by public moneys, telling of fifty million acres of agricultural lands suitable for settlement; 340 billion feet of lumber, eighty-three million tons of coal, and pointing to the great increase in production in various natural resources. That was a pretty good story for the Government to tell, in view of the previous campaign tales told by the Liberals of the manner in which the late Government had dissipated and wasted the natural wealth of the Province. Now, the Government took the people of the country into its confidence and admitted that those 1916 yarns were just camouflage, just bids for support, said Mr. Bowser.

### Want no Post Mortems

The people, Mr. Bowser declared, would not be content with political post mortems, a practice to which the present administration was prone. They were looking to the present and the future, and the present occupants of the treasury benches must account for their administration of affairs, and will be held to strict account. It was now in office and it was alone responsible for the conduct of the public business.

Taking up more in detail the financial report by the Minister of Finance, Mr. Bowser pointed to the claim that for the year ended March 31, 1919, revenue had exceeded current expenditure by over a million. Yet the fact was the Government had had a deficit and it had had to borrow to meet it. Current expenditures totalled $9,887,744; there was spent on capital account $2,234,541, a total outlay of $12,713,285. Revenue was only $10,951,279, leaving a deficit of $1,181,006. The present fiscal year just ended would show the same results. However much the Minister might camouflage by a book-keeping surplus, the plain fact was that the Government on its operations for the year showed a deficit. This fact was further borne out by the repeated statements of the Premier to various delegations asking for financial assistance. He invariably told them: "Forget about a surplus. There ain't no sich animal." By the simple book-keeping expedient of charging up millions to capital account, the Government was seeking to deceive itself and the public.

For the fiscal year ending March 31, 1920, Mr. Bowser said, the same old tale was being told. The Minister stated current expenditure will be $13,960,711 and capital expenditure $3,449,961, making a total estimated expenditure of $17,410,673, while the estimated revenue will be $13,978,245. It required but a simple school-boy problem in subtraction to show that the year's deficit will aggregate $3,432,428. In other words the Government will spend that much more than it would take in. Every year the same claim was made to a surplus when, in reality, there was a deficit, and borrowing had been resorted to. The Minister, even in his flowery, boastful statements in his budget was forced to admit the fact. He had harked back to the public accounts of the former Government, and by a species of financial legermain, claimed that the old Government's liabilities exceeded assets by some $14,000,000. Mr. Bowser could not see how the Minister reached that conclusion, for the Price Waterhouse report, made upon instructions of the present Government when it took office, showed a balance of $16,000,000 in capital assets over capital liabilities and that, too, under a system which did not, like the present, camouflage by charging up current outlays to capital account.

Pointing to the proposed expenditures for the coming fiscal year of $17,410,000, as the greatest amount of expenditure in any one year in the history of the Province, Mr. Bowser remarked he had often wondered how it could be that the Premier who, when back on the farm was wont to count the nickels and dimes, could yet, now he was in office, sit in his office and with the stroke of the pen alter the two millions voted for the Department of Industries last year into three millions without a blink. What a change from the old farmer of the Delta, he said.

### "We're On Our Way"

"I ask you where this expenditure is to go and you reply, 'We don't know where we're going, but we're on the way'," asserted Mr. Bowser amid laughter. The people, he averred would ask what they were going to get out of this saturnalia of expenditures, this deluge of increased taxation. Revenue for the coming year was to be a million and a half over that if last year and will be the greatest in the history of the Province, a revenue made possible by the timber legislation passed by the late Minister of Lands, whereby the timber royalties and license fees were fixed to provide for an increased scale over a period of years. The Minister of Finance might state how much of the taxation he was raising was being produced from the natural resources of the Province and how much by heavy taxes upon the people direct. The people had been told that the investments of millions being made by the Government in various schemes would return a revenue. Mr. Bowser said he hadn't seen any such returns. For instance, when could it be expected there would be any return from the land settlement scheme? A certain amount of expenditure was being charged to capital account, but what had the Government to show for it. The old Government had not credited any of its outlays in that manner but yet it had left behind valuable and permanent assets.

"This is not a time for reckless, extravagant outlays, but rather one for business economy. We charged up nothing to capital account, but left over fourteen millions in roads, bridges, buildings, etc. When we had a deficit we said so and did not endeavor to deceive the public," declared Mr. Bowser.

Declaring that the Minister of Finance had skated lightly over the borrowing record of the Obverment by trying to charge up a portion of such borrowings to capital account and call it an investment, Mr. Bowser referred to answers supplied by the Minister on February 13 last to show that the Government had borrowed since it took office some $13,770,000. This year there would have to be borrowed $1,000,000 for the Department of Industries; $500,000 under the Soldiers' Land Act; $5,000,000 for public works, and $4,800,000 for the P.G.E. This latter item the Opposition described as the "lost loan," an amount which the Minister had absolutely lost sight of. He well remembered the Minister trying to convince the House the Government did not owe that $4,800,000, and yet this year he was bringing down a bill to borrow that amount and thus retire the obligation occasioned by the taking up of the note of the former P.G.E. Interests at the Union Bank. The Minister had claimed the Government possessed the securities pledged by those interests for that loan, but what did they amount to, stock of the P.G.E. now owned by the Province. As the road was Government property, holding its securities did not strengthen the position of the Province in any way. But the effort of the Minister to make it appear the $4,800,000 was not an obligation was similar to the statement by the Premier, who, as president of the road and a director, had been asked if Hon. Mr. Hart was a director of the P.G.E., and had replied he had "no official information" of the fact.

### Other Needed Borrowings

Proceeding to point to other borrowings that must be made, Mr. Bowser cited the $4,000,000 for further P.G.E. construction to Prince George; some $2,000,000 for the Sumas reclamation scheme (the scheme when completed would in all likelihood call for a much larger outlay); the deficit of $3,400,000 for the coming year that must be provided for, and the $1,500,000 owing to the Bank of Commerce and falling due April 1 of this year. There would, therefore, be required a total of $22,000,000 in round numbers to be borrowed this year, and at a time when the money markets of the world are in a bad condition, for he noticed that only recently Manitoba had had to pay 7 per cent for its loan. These projected borrowings, taken with the $13,770,000 borrowed up to February 13 by the present Government, would make a grand total of the stupendous amount of $35,900,000 in four years of office.

"Here is this Liberal Government which came into office with the cry of economy on its lips arranging to borrow millions upon millions. No wonder the people of the Province stand aghast at such a showing," exclaimed the Opposition Leader, who went on to show that the net debt of the Province when the late Government left office had totalled, according to the figures supplied by the late Premier Brewster to the House, the sum of $13,176,423. The present Minister of Finance had stated that the debt had been $19,420,000, though how he made that out he (Mr. Bowser) could not see. He hoped Hon. Mr. Hart would explain.

In 1916 the total salary list of the late Government had probably been large, probably larger than it should have been, but the boom period had been encountered and various departmental activities had been inaugurated then which resulted in larger staffs, which had not been reduced as rapidly, perhaps, as it might have been. But even at that, the late Government had proved mere novices, mere amateurs in the (political game compared with the present Government. Compared with the $1,664,222 spent in 1916, the present Government increased that overhead charge to $1,714,063 in 1917; to $1,850,308 in 1918; to $2,279,725 in 1919, and for the coming year salaries would call for $3,202,000, an increase of $1,537,778 over the 1916 total. And in connection

Finest Thing Ever For Chronic Catarrh!

Gets Away From the Medicine Habit, Cures by Novel Method

With the many remedies you have tried you surely know that no liquid medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catarrhozone, it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dropping of mucus in the throat, hawking, spitting, and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catarrhozone. Large outfit lasts two months, costs $1.00; small size 50 cents, trial size 25 cents, at dealers everywhere.

Suits and Millinery for Easter

The strictly tailored suit of serge, gaberdine or tricotine is revealed in a diversity of the most pleasing effects imaginable. Those who prefer the more elaborate styles with artistic embroideries, braidings and other smart touches that bespeak individuality, will find much to admire in this collection of high-grade suits.

The Spring millinery, composed of transparent mohair, smart new straws, quaint ribbon and refreshing cellophane, blends admirably with the smart suits of the new season.

**Name of Entertainer**—In connection with the report of the entertainment given at the Metropolitan Methodist Sunday School on Tuesday evening the name of Mrs. Harry Lasenby, one of the soloists, was omitted. She was accompanied at the piano by Mrs. Charles Conyers. Both her numbers were enthusiastically received.

Special Easter Term at Sprott-Shaw Night School begins Tuesday, April 6. Courses for everybody. Special rates. Phone 28 for particulars.

**Minister to Investigate**—A personal investigation into the situation of the Merville Soldier Settlement scheme will be made by Hon. E. D. Barrow, Minister of Agriculture, immediately the present session of the Legislature is concluded. To the delegation of returned men who waited upon the Minister on Tuesday and presented a number of grievances, the Minister promised to go fully into them. The delegation asked for an investigation into the operations of the co-operative store, claiming prices charged are too high; they asked for the waiving of the 10 per cent clause in the purchase of allotments, especially in the case of married men, and that wages be increased, as the $4 per day now being paid is not sufficient for married men. They also asked that the community committee be reorganized.

**Tugboat Afire at Wharf**—The gasoline tugboat Lillico caught fire at her moorings at a wharf at the foot of Telegraph Street yesterday, as the result of a backfire in the engine. The city firemen responded to an alarm from Box 61 and soon had the fire, which was confined to the engine-room, under control. The boat is in the service of hauling scows loaded with material from the Foundation yards to Seattle. She was able to proceed on one of her trips later in the day.

## City and District in Brief

**Fails to Answer Charge**—Failing to respond to the calling of his name in the City Police Court yesterday, on a charge of alcoholic excess, Charles E. Johnson was adjudged to have forfeited his bail in the sum of $20.

**Revisits Old Home**—Mr. E. B. Blackwood, formerly Northern Pacific agent here, and for the past two years general agent for the Northern Pacific and the Oregon & Washington Line at Walla Walla, was in the city yesterday from Seattle.

**Speeding on Fort Street**—In the City Police Court yesterday M. H. Thoren pleaded guilty to the charge of driving his motor car down Fort Street, between Moss and Cook Streets, at a speed exceeding the legal limit. He was fined $10.

**Motor Car Catches Fire**—The city firemen turned out at 9 o'clock yesterday morning on a call from 1013 Park Street, where a motor car standing in the yard of the house had caught fire. The fire was put out without damage to speak of to the car.

**Charge of Stealing Dismissed**—In the City Police Court yesterday Magistrate Jay dismissed a charge of stealing blankets preferred by the Esquimalt police against Robert Fitzsimmons. His Honor stated that the evidence presented would not justify a conviction.

**Red Cross Appeal**—Magazines, periodicals and literature of all kinds are urgently needed for the soldier patients in the hospitals. Those who can spare these are asked to kindly leave them at the Red Cross rooms, 117 Belmont House, where a committee appointed for the purpose will distribute them.

**Chapter Meets Today** — At the meeting of the Margaret Rocke Robertson Chapter this afternoon at 4 o'clock, a talk will be given by Mrs. R. S. Day on "Child Welfare." Arrangements will be made for the chapter's dance to be held at the Alexandra Club on May 7, and for the garden party to be held at the home of Mrs. W. J. Bowser, in June.

**Acts Assented To**—In the Legislature yesterday afternoon the royal assent was given by His Honor Lieutenant-Governor Prior to the following bills which had been passed by the House: The Crown Lands Sub-purchasers' Indemnity Act; the Soldiers' Land Act; Mount Robson Park Act; Pre-emptors' Free Grants Act; Forest Act; the Land Act, and the Railway Subsidy Lands Act.

**Bank Clearings**—Bank clearings for the month ending yesterday were $12,150,766, which compare with $8,244,065 in the corresponding month of 1919. This figure is the largest for the month of March since 1913, the year before the decline. The total clearings for the first quarter of 1920 are $34,920,992, as compared with $25,000,000 in the months of January, February and March, 1919.

**Entertain Patients** — Last evening Sergeant Smith, of the Y.M.C.A., paid a visit to the Esquimalt Military Hospital and entertained the patients there with a first-class exhibition of moving pictures. Mr. F. E. Petch presided at the piano. The patients take this opportunity of thanking these two gentlemen for the entertainment they provided.

**Firemen's Weekly Dance Tonight**—The city firemen are giving the third of their resumed series of weekly dances tonight, at their Cormorant Street Club Rooms. Dancing will be from 8:45 to 11:45 p.m. Zela's orchestra will supply the music. Admission will be by invitation, which may be obtained by application to any member of the City Fire Department.

**Easter Day Music** — At Christ Church Cathedral on Easter at 11 a.m., communion service, Touro in F (soloists, Messrs. Gilder, Snape and Willie Locke). At 7 p.m. (a) anthem, "As It Began to Dawn" (Myles B. Foster) (soloists, Messrs. C. Locke and Willie Locke; (b) duet and chorus from Mendelssohn's Hymn of Praise, "I Waited for the Lord" (soloists, Miss Eva Hart and Miss Hamilton).

**Church of Our Lord Services**—There will be special services in the Church of Our Lord, corner Humbolt and Blanshard, on Good Friday and on Sunday. The Friday service will take place at 11 o'clock, while on Sunday Rev. Thomas Gladstone will preach at the morning service and the rector, Rev. deB. Owens, in the evening. The ministration of the Holy Communion will take place at both servicts. There will also be special music.

**Oak Bay Scouts**—Tomorrow being Good Friday there will be no parade of the Oak Bay Troop or Granite Street Wolf Cub Pack. The Pack will meet on Wednesday night next in preparation of the demonstration at Beacon Hill on April 10. Court of honor will be held Monday night next, April 5, at 7 o'clock. It is urgent that all members attend. Band will meet as usual on Saturday morning at 10 o'clock. The bathing parade for Tuesday is cancelled owing to Armory being occupied by Rotary Club.

**Orchestral Concert**—Mr. J. Douglas Macey has assembled a small orchestra which has been in active rehearsal for the past five or six weeks and will give a concert on Tuesday, April 13, in the memorial hall of St. Mary's Church, Oak Bay. In addition to the orchestral music there will be vocal selections by Mrs. Gideon Hicks, Mr. E. Petch and others. The proceeds of the concert are to be devoted to the lifting of the small balance still owing on the hall.

**Wants Club to Help**—At the regular meeting of the Women's Canadian Club on Tuesday afternoon Mrs. Alice Thomson submitted a request to the organization to assist the Ladies' Guild of the Seamen's Institute in connection with the garden party which is being held under their auspices in June at "Gonzales." The speaker also brought an expression of thanks to the club for books, etc., given to the Guild for distribution among the lighthouse keepers' families.

**Good Friday at Cathedral**—Tomorrow, five services will be held in Christ Church Cathedral in observance of Good Friday. The Litany and Ante-Communion will be said at 7:30 a.m., and a children's service, which will be attended by members of the Cathedral Sunday School, will be conducted at 9:30 a.m. The Right Rev. C. D. Schofield will preach at Matins at 10:30 a.m., and the Dean of Columbia, Very Rev. C. S. Quainton, will conduct the Three Hours' Service from twelve o'clock noon. Evensong and preparation for Easter Communion will begin at 8 p.m., with an address by the Rev. G. A. Wells.

**Farewell Dance** — The S. C. R. electrical class will hold their last dance of the season on Saturday next, April 3, at Semple's Hall. This is to be a farewell dance to the senior students, who will complete their course within the next week or so. The many friends of the students are cordially invited to spend the last, but not least, of the many jolly evenings which the class has endeavored to provide during the winter months, and it is hoped all who possibly can will take advantage of this opportunity. Zela's Orchestra will provide an excellent programme of music.

**Cars Are Wanted**—Twelve hundred delegates and their wives will attend the big northwest conference of Rotary Clubs here next week. That means that the city's car transportation facilities will be taxed to the utmost. The Victoria Rotary Club wants as many cars available as possible Sunday, Monday and Tuesday, so that the visitors will have an opportunity of seeing Victoria and its surroundings. Those who are willing to place their cars at the service of the club at any time during the days mentioned are asked to telephone Mr. George I. Warren, chairman of the transportation committee, at No. 2777.

**Enjoyable Evening**—The members of the former Young Ladies' Bible Class of Belmont Methodist Sunday School, and their friends, held a very enjoyable social in the church on Friday evening. The early part of the evening was spent in games, after which everyone sat down to supper, which was served in the primary room. There were several toasts and a presentation of a set of military brushes to Mr. A. Parfitt, who had been the teacher for the past six years. This class, together with the "Try Co.," a class of young men, was recently amalgamated with the Berean Bible Class, under the leadership of the pastor, Rev. Robert Wilkinson.

**Music for Easter Day**—At St. Mary's Church, Oak Bay, special music is in course of preparation for Easter Day, under the able direction of Mr. J. S. Floyd. The morning service will include Jackson's Te Deum in F and Schilling's Anthem, "Christ Our Passover," and in the evening service Clare's Magnificat and Nunc Dimittis will be sung, and the same composer's anthem, "Why See Ye the Living Among the Dead?" The principal solos will be sung by Miss Leta Cody and Mr. Ashley Sparks, while the choir has been considerably augmented. Mr. J. D. Macey, the recently appointed organist, will be at the organ.

**Western Scots**—At a meeting of the 67th Battalion Western Scots Association held on Tuesday evening, the following officers for the next six months were elected: Honorary president, Lt.-Colonel Lorne Ross; president, Major A. E. Christie; vice-president, W. Young; secretary-treasurer, R. Macnicol; executive members, W. Dawson, J. M. Smith, R. Morrison, H. Chapman, J. Dobbie, jr., J. M. Hunter, D. B. Bullen and W. H. T. Whittingham. Following the completion of the business a social time was spent. The programme included songs by R. Morrison, W. Booth, J. Dobbie, jr., J. Ingledew, J. Roberts and F. Sergeant; planoforte solo, W. Wallace; imitations of musical instruments, W. J. Worth; conjuring, W. Machin, and black-faced comedians, Ford and Rastus.

**Easter Recess**—Tonight the Legislature will adjourn for the Easter recess and will not resume its work until next Tuesday. This afternoon Mr. W. J. Bowser, K.C., Opposition Leader, will continue the debate on the Prohibition bill and will reply to the criticisms directed towards him on Monday last by Attorney-General Farris. The two have developed a keen antagonism on the Prohibition issue, and Mr. Bowser's remarks this afternoon can be counted upon to be pungent. Premier Oliver is also due to wind up the Budget speech this afternoon, when he will reply to the criticisms of the Opposition speakers and defend the Government's heavy financial proposals for the coming year.

**Mining Inquiry**—The select committee of the Legislature, composed of Messrs. M. A. Macdonald, J. A. Buckham, W. A. MacKenzie, F. A. Pauline and Kenneth Duncan, appointed to investigate the claims of Carew-Gibson, et al., to coal mining rights in property in the Nelson division, District of Nanaimo, inaugurated its work yesterday morning. The question involved a conflict between stakings by two interests in 1907 and 1910, the Carew-Gibson interests challenging the genuineness of the staking of the Hunter group through which the Wellington Colliery Company secured title which subsequently went to the Canadian Collieries. The committee heard representations of a number of witnesses and adjourned until this morning at 10 o'clock.

## OBITUARY NOTICES

SPRAGGE—The death occurred yesterday morning of Mrs. Agnes Spragge, widow of the late David Spragge, at the residence of her son, 1127 Oscar Street. A native of Ontario, Mrs. Spragge, who was 72 years of age, had been a resident of this city for the past 31 years, lately residing at 2633 Wark Street. She was for many years a devoted worker on the Ladies' Committee of the Protestant Orphanage and an adherent of the Congregational Church. She is survived by three sons, Gordon E. Spragge, of White Horse, Yukon; Leonard T. Spragge, at present at Inverness, B. C., and Alfred E. Spragge, of Victoria; also two daughters, Mrs. W. Nicol and Miss Phoebe Spragge, of Victoria. The remains will repose at the B. C. Funeral Chapel until Saturday morning, when they will be removed to the residence at Oscar Street, where the funeral service will be held at 2:30, the Rev. W. D. Spence officiating. Interment will be made at Ross Bay Cemetery.

WALKER—The funeral of the late William Davidson Walker, who passed away at the Royal Jubilee Hospital last Sunday, took place yesterday morning, the cortege leaving the Sands Funeral Chapel at 9:20 o'clock. Ten minutes later mass was celebrated at St. Andrew's Cathedral by the Rev. Father Vollings. Many relatives and old-time friends of Mr. Walker were present at the service and the casket was covered with a profusion of beautiful flowers. The following acted as pallbearers: Messrs. G. A. Gibson, H. Roberts, F. Sere and Campion. Rev. Father MacDonald officiated at the committal service at the graveside.

VARTY—The funeral of the late George Varty, who passed away at the Royal Jubilee Hospital Tuesday morning, will take place this afternoon at 2 o'clock from the Sands Funeral Chapel. Mr. Varty was born in Nanaimo 58 years ago, and had resided in this city for the past 20 years. He is survived by a grandfather in Renton, Wash., and two sisters in Vancouver. Service will be held under the auspices of Aerie No. 12, Fraternal Order of Eagles. Interment will be made at Ross Bay Cemetery.

SCANDLING — The funeral of Frederick Scandling, who passed away at his home, 2115 Chambers Street, on March 29, will take place today at 3:30 o'clock from the Sands Funeral Chapel. Rev. H. S. Osborne will officiate. Interment will be made at Ross Bay Cemetery.

EVANS—The remains of Miss Ivy Rose Evans, daughter of Mr. and Mrs. T. J. Evans, of 423 William Street, arrived from Redlands, Cal., yesterday afternoon and are now reposing in the B. C. Funeral Chapel, whence the funeral will take place on Friday at 2 p. m., proceeding to St. Saviour Church, Victoria West, where service will be held at 2:15, the Rev. Robert Connell officiating.

ANDERSON—The funeral of Mr. John Anderson took place yesterday afternoon at 2:30 from the B. C. Funeral Chapel, where the service was taken by Mr. R. Miller. There was a large attendance and many floral tributes covered the casket. Two hymns were sung, "Jesus, Lover of My Soul," and "Rock of Ages." The deceased was a member of Court Caledonia No. 1544, A. O. F., of Greenock, Scotland, and out of respect a delegation of the A. O. F. here attended and the Forester burial service was conducted at the cemetery by Brother W. F. Fullerton, P. C. R. of Court Northern Light. The remains were laid to rest in Ross Bay Cemetery. The following acted as pallbearers: Messrs. A. Davidson, W. C. Pettierew, A. Davidson, Jr., John Stewart, T. Davidson and James Pettierew.

McLEAN—The death occurred at an early hour yesterday morning at her home, 3225 Alder Street, of Mrs. Della McLean, aged 51 years, born in California and a resident of this city for the past nine months. She was the wife of Mr. John G. McLean and is survived by her husband, one daughter in Rossland, one son in Kamloops and one son residing in this city. The remains will be forwarded this afternoon at 2:15 o'clock by the Sands Funeral Co. to Rossland, where interment will take place.

# Stomach Disorder

**ONLY 6 MONTHS TO LIVE**
**Read What B. B. B. Did for Him**

Mr. Han Kehki, Magnolia, Alta., writes:—"Some years ago I became very sick from stomach disorder, which the doctor told me had started from drinking bad water. I tried local doctors, but finding I got worse from day to day I went to a doctor in Edmonton. He told me that I must have an operation, and that if I didn't I couldn't live any longer than six months. I told him I had better die after six months than be cut to pieces, if did not have the operation, but returned home. No one was there to meet me at the station, because they did not know I was coming. I felt so bad I couldn't walk farther than 10 yards without resting. It took me 6 hours to walk 2 miles, the distance from the station to my home.

"Some weeks later I read an advertisement about your Burdock Blood Bitters. After I had used one bottle I felt much better, and after I had used three bottles I was completely cured, therefore you see your B. B. B. has saved my life, and I cannot praise it too highly."

Burdock Blood Bitters puts the stomach into shape by promoting perfect digestion, and restoring tone and strength to the system. Manufactured only by The T. Milburn Co. Limited, Toronto, Ont.

## ACCUSED SUCCESSFULLY CONDUCTS HIS DEFENCE

Charged with assaulting Wong Yew, a Chinese restaurant keeper on Johnson Street, Douglas C. Bentley conducted his own defence with so much success in the City Police Court yesterday that he was acquitted of the charge. The Chinaman, who had enlisted the services of Mr. C. H. Pitts as counsel for the prosecution, alleged that the accused had assaulted him on the street outside his restaurant, last Sunday evening, after refusing to pay for a meal which he had ordered.

Accused took the stand in his own defence, and told a straightforward tale of the assault. He said he had no intention of bilking the Chinaman, and had actually borrowed money from his friend to settle the bill, when the belligerent Celestial, who had already offered fight inside the place, made a move as if to strike him. He had obeyed the primary rule of war, and got his blow in first, and hence, so to speak, these Mongolian tears. His Honor, on the whole, thought that was about the size of it, and dismissed the charge.

## IN THE COURTS

### Supreme Court

In the Supreme Court yesterday, before Mr. Justice Morrison, the action of Darbyshire vs. Webb was dismissed with costs. The action was taken as a claim for damages alleged by the plaintiff as arising out of the wrongful conversion of furniture by the defendant. Judgment was given for the defendant as stated. Mrs J. A. Aikman appeared for the plaintiff and Mr. G. T. Hankey for the defendant.

## SECURE POSITIONS THROUGH S.C.R. BUREAU

### The Information and Service Branch of Soldiers' Civil Re-establishment Places Ex-Service Men in Posts

Placements in the professional and business branch of the Department of S. C. R. are showing a gratifying increase each week, and last week several lucrative positions were secured.

The department has a specially qualified man to look after the interests of such ex-service men as accountants, engineers, expert salesmen, draughtsmen, etc., and it is pleasing to note that the employers of men having special qualifications are giving all the assistance possible.

The office of this department is situated on the ground floor, Law Chambers, phone 5800, and is the head office for Vancouver Island.

As there will be considerable clerical work coming up in the near future, it would be advisable for all ex-service men who have any special qualifications to fill in the forms specially provided for that purpose.

Mr. Cassidy is the board's representative in the Government Employment Office.

It would appear from notices in the press regarding labor reports that the professional and business branch was situated in the Provincial Government Employment Office; however, such is not the case. This department is directly under the supervision of Mr. E. B. Macleod, district representative of the I. & S. Branch, Department of S. C. R.

## REASON FOR HOIST WAS WITHOUT BASIS

### Major Burde Holds That Federal Government Cannot Pass Eight-Hour Legislation —Criticizes Budget

The Provincial Government sidestepped enactment of an eight-hour day law for sawmills and pulp plants on the pretext that the Federal authorities would take the necessary action this year; yet the Ottawa Government had no authority for adopting such a measure and has no intention of acting.

This was the substance of a declaration made last night in the Legislature by Major R. J. Burde, M. P. P. for Port Alberni, in debating the budget speech.

Major Burde recalled the excuse offered by the Government for giving a six months' hoist to his eight-hour day bill, on the ground that this was a matter for Federal action. He produced a copy of a Montreal paper, quoting the Dominion Minister of Justice as saying that the Government he represented had no authority to pass such legislation. He also referred to a Hansard report of a speech by the same minister to the effect that provision for an eight-hour day was "entirely out of the jurisdiction of the Parliament of Canada." In the face of this, Major Burde declared the Province still proposed to "pass the buck" to Ottawa.

The member went on to say that the workers had it within their power to curtail production whether or not the hours of work were limited, and he claimed that they would not put forward their best efforts until they were convinced that they were being given a square deal and treated like white men. He criticized the administration of the Department of Labor, saying that its entire appropriation went towards salaries.

**Defends Major Martyn.**

He complimented Major Martyn, Deputy Minister of the Department of Industries, however. He held that the resignation of Mr. A. C. Flumerfelt from the advisory council of the department was not in itself a resignation, but an essay, and no one seemed to know just what it meant. "If there were others as thorough in their investigations and so intelligent in their recommendations as Major Martyn, then the Government would never be criticized for the action of its deputy ministers," declared the major, after pointing out that Major Martyn's executive powers were restricted by his council, which must therefore assume responsibility for the actions of the department.

Major Burde alluded to the afternoon speech of Mr. Bowser as his best effort this session, and said it had unquestionably "rattled" the Government side of the House. On the other hand, he felt that the speech of Hon. T. D. Pattullo contained more rhetoric than logic, and he proceeded to assail the minister for delay in giving a decision respecting the development of the Stamp River water power, now held up because the rights to the property were controlled by a company that refused to act. He argued that the company should be forced to develop the property or relinquish its rights.

**"A White Elephant"**

Major Burde endorsed the suggestion of Mr. Hanes that British Columbia House be dispensed with, saying that it was now a white elephant on the hands of the Government.

He protested against the vote of $15,000 for work at Government House, and objected particularly to the appropriation of $4,000 for furniture and repairs. A sum of $8,000 was asked for the maintenance of grounds the public seldom had a glimpse of, while children in some districts were being forced to walk knee-deep in mud to school because of lack of funds for road repairs.

He objected to the increased amusement tax, too, and suggested that as compensation to the theatres the order against motion pictures of Cabinet ministers be revoked, so the public could have a run for its money and enjoy the amusing countenances of such persons as the Minister of Lands.

After making fleeting reference to an allegation that only foreigners were in demand at the Whalen Pulp and Paper mills at Port Alice and that this should be investigated; the Alberni member turned to what he termed "party measures" and declared that if the Leader of the Opposition were to swap places with the Attorney-General, for instance, they would leave their arguments in their desks behind them.

**Almost Spill the Beans**

"There is much suspicion of collusion between these two gentlemen," Major Burde asserted. "Occasionally they almost spill the beans by intimating to each other that if one doesn't shut up the other will tell on him." He didn't expect the Hanes resolution for the P.G.E. probe to get anywhere this session, and he didn't think that certain Cabinet ministers feared the consequences of the anticipated exposé any more than did members of the Opposition benches. He rapped Mr Farris for withholding the Bowser cablegram to the late Sir Richard McBride until such time as it suited "a political opportunity," and charged that Mr. Pattullo was misusing his office in the same way by postponing the revelations in connection with lumber interests until the present.

The Premier moved adjournment of the debate.

Hon. T. D. Pattullo rose to answer Major Burde's statement regarding the Stamp River Falls. He said that the decision, while of no pressing necessity in his opinion, would be ultimately made on his own responsibility, and not on the basis of putting one speculator out to make room for another.

## BOARD OF PENSIONS WILL EFFECT SAVING

OTTAWA, March 31.—An annual saving of between $400,000 and $500,000 will be made by the closing of pension board offices which have been found to be unnecessary, it is announced by Hon. N. W. Rowell, following receipt of a letter from the chairman of the pensions board, which letter was secured in reply to a query by C. H. Power, Quebec South.

Some 15 district offices throughout the country are to be closed. Traveling boards, however, will sit at various times in the places affected.

Special Easter Term at Sprott-Shaw Night School begins Tuesday, April 6th. Courses for everybody. Special rates. Phone 28 for particulars.

## PEOPLE DESPAIRING AT GROWING OUTLAYS

Victoria Member Feels Taxpayer of Province Has Good Reason to Protest Against Mounting Expenditures

That the municipalities, in his opinion, were justified in feeling more or less disappointed with the proposals of the Government relative to the additional sources of revenue to be granted to them was the opinion of Mr. George Bell, Liberal member for Victoria, when speaking in the Budget debate yesterday afternoon. He believed the administration of the affairs of the Province is becoming too costly, and he pointed to British Columbia House, the London headquarters of the Agent-General; the Public Utilities Commission and other departments, which, he believed, could well be eliminated from the expense accounts. Then, too, he said, there was a growing disposition to add to educational courses such as domestic science. Perhaps such features were desirable to a certain extent, but when he saw that education will cost the Province some $600,000 more this year than last, he considered it was time to call a halt.

"We are stepping out more and more into an expenditure which, I fear, is becoming the despair of the taxpayers of the Province," said Mr. Bell who recalled he had suggested a Government fire insurance plan as a profitable step as it would relieve the taxpayer through reducing rates the whole a substantial revenue would be secured.

Mr. Bell disputed Mr. Bowser's suggestion that the Minister of Finance proposed to reach out and grab the municipal sinking funds, claiming the Minister's proposals would be of benefit to the municipalities, assuring them of a better return upon such funds than they are able to get from the banks.

Mr. J. W. Weart criticised Mr. Jones, South Okanagan, for having, in his speech, created a false impression as to the annual deficits of the Government. He claimed those deficits had been due to capital expenditures, and that the Government's financial policy had at last brought current outlays within revenues. That having been done, the Government was justified in stepping out and borrowing. The fact that sinking funds through proper investment were worth $600,000 more than when invested showed careful financial methods, he thought.

The necessity of a separate Colonization and Settlement Department was advocated by Mr. Weart, who declared the present Minister of Agriculture simply could not attend to the Agricultural Department and do justice to the settlement problem. Even if it meant extra outlays the results would be well worth the expenditures, for it would mean closer supervision and a saving of the public moneys in the end.

Mrs. Ralph Smith emphasized the imperative necessity of a more thorough system of meat inspection throughout the Dominion, a matter which she advocated la t year. By closer co-operation between the Federal and Provincial authorities a great improvement could be made in the matter of safeguarding the public health. She commented upon the increasing cost of living, stating that the problem of making both ends meet was becoming more serious. It behooved governments to inaugurate such measures as would, as far as possible, relieve the situation. Interchange of views among the people was an important factor in the social and economic fields and she regretted that the schools of the country were not more used as social centres where people could get together and discuss their problem .

Mrs. Smith referred to what she called the strangle hold of the banks upon the people of the country, predicting that the public demand for a state banking system was growing, and it would not be long before the state would find it imperative to establish such a system for the protection of the people. She believed that legitimate enterprise is being throttled by the high rates of interest being demanded by the banks.

## Weak, Sickly Folks Regain Health Quickly By New Remedy!

**A BLOOD-FOOD NOW MANUFACTURED THAT ACCOMPLISHES MARVELS.**

Lots of people that were thin and miserable for years have recently been restored by this simple treatment. All you have to do is take two little chocolate-coated tablets with a sip of water at the close of each meal.

The tablets, which, by the way, are called "Ferrozone," are in reality a perfect food for the blood. They contain exactly these elements your blood lacks when it becomes thin, weak, and unhealthy.

This is just the time to use Ferrozone; it excites splendid appetite, gives digestion splendid aid, supplies nourishment for all weak organs. At once you feel buoyant and strong. Nutritious blood courses through your veins, supplies strength, makes you tingle with animation and ambition.

No more headaches.

None of that tired languor.

You feel like doing things because Ferrozone completely renews and strengthens your whole system.

No medicine on earth gives such quick, lasting benefits as Ferrozone. It has raised thousands from downright weakness, brings robust health simply because it contains the fortifying elements that run-down systems require.

One week after using Ferrozone you'll feel like new, you'll appreciate what real robust health means. In a month you'll scarcely credit the push your vigor and spirits have received. Ferrozone is more than a tonic because its work lasts, its benefits remain and are not temporary. It restores health where other treatments fail, and should be used by every man, woman and child. Try it, 50c per box or six boxes for $2.50. Sold by all dealers or by mail from The Catarrhozone Co., Kingston, Ontario.

## SOCIAL AND PERSONAL

Mr. and Mrs. J. T. Fowle (nee Hilda Fleming) are receiving the congratulations of their friends on the birth of a son yesterday morning at St. Joseph's Hospital. Both mother and son are reported to be doing well.

Mr. and Mrs. Rex McArthur, who have been spending the past few weeks in the city, have returned to their home in Vancouver.

Lady Marie Evelyn Byng, wife of Gen. Sir Julian Byng, hero of Cambrai, who is being mentioned in London as the possible successor to the Duke of Devonshire as Governor-General of Canada, is a well-known writer, two of her best known books being "Barriers" and "Anne of the Marshland." She is the only daughter, of Sir Richard Norston. Sir Julian Byng is the son of the Earl of Stratford.

Arrangements for their annual daffodil tea to be held on Saturday, April 10, in the rest room, Hibben-Bone Building, were made at the special general meeting of the King's Daughters yesterday morning. It was decided that the tea arrangements should be in the hands of the Ministering Circle, while the table of home cooked products should be presided over by the members of the Victoria Circle and the flower stall to be in charge of the Hawthorne Circle. The president, Mrs. L. H. Hardie, is arranging an attractive programme of musical numbers and tea will be served from 3 until 6 o'clock. Reports received at the meeting included those of the various local circles, also of the King's Daughters' Hospital at Duncan, presented by Mrs. H. A. S. Morley, and of the Federated Service Council, given by Mrs. Hardie. Donations to the Victorian Order of Nurses and to the Protestant Orphanage were reported for the past month and a cash donation from Mr. J. D. Virtue was acknowledged. It was decided to hold the monthly meeting in the afternoon at 2:30 in future.

Mrs. William Knight, 137 Dallas Road, leaves on tonight's boat for Vancouver, en route to Halifax, whence she will sail on April 10, via the Empress of France, for England. She expects to spend the next two or three months visiting relatives.

Miss Clearihue yesterday afternoon entertained the twelve members of her kindergarten class at an Easter party. Games were played and a very interesting feature of the occasion was the "Easter Egg Hunt," which caused much excitement among the little people. The decorations were very charming, seasonable tokens being employed in the setting of the tea tables, while beside each little guest's place was an Easter basket containing its surprise packet.

M. Alfred Mirovitsch, the Russian pianist, left by the midnight boat yesterday for Vancouver, en route for New York. He is traveling East with Signor Piestro, the violinist, who has been touring with him in Australia and Japan for the past five years, and who reached Vancouver this week on the Empress of Russia, accompanied by his wife and small child.

The dance which should have taken place on Tuesday, February 17, and which was postponed owing to the influenza epidemic, will be held on Tuesday, April 6, at the Victoria Club rooms, Campbell Block.

Mr. and Mrs. J. Bull, of "Manor House," Royal Oak, announce the engagement of their daughter, Elizabeth, to Lieut. Wilfred Arthur deP. Greene, son of Seymour deP. Greene, of Mitchell Street, Oak Bay, and late of the Canadian Infantry and Royal Air Force.

**Mr. Corbaley Resigns**

SEATTLE, March 31.—Gordon C. Corbaley has resigned as executive secretary of the Seattle Chamber of Commerce Club to enter private business, it was announced today. Roy O. Hadley, formerly of Bellingham, will succeed him.

## WEDDINGS

**Davis—Radford**

A pretty wedding took place on March 6 at the Congregational Church, Seattle, when Daisy Evelyn, only daughter of Mr. and Mrs. E. Radford, late of Victoria, was united in marriage to Mr. George W. Davis, of Seattle. The ceremony was performed by Rev. Dr. Campbell, of Seattle, the bride being given away by her father, and attended by Miss Helen Chirchy. Mr. T. Craven supported the bridegroom. The bride's gift from the bridegroom was a necklace of pearls, and the bridesmaid's a topaz ring, while the best man received a pair of gold cuff links. The honeymoon was spent in Vancouver and Victoria, but the happy pair, who received numerous gifts, intend making their home in Seattle.

Open to Public—"Mount Joy," the beautiful home of Mr. and Mrs. Fred Pemberton, is being thrown open to the public on Wednesday, April 14, under the auspices of the Women's Canadian Club, who will devote the proceeds from the admission fee to the emergency work which is such an important interest in the club life. The special attraction at "Mount Joy" at this time of the year is the garden, which already is glowing with daffodils and other early flowers. Tea will be served in connection with the event on April 14.

## STORY OF MUSIC TOLD IN SACRED CANTATA

Choir and Soloists at St. Andrew's Presbyterian Church Last Evening Presented Ernest Nichol's Work

"The Story of Music," H. Ernest Nichol's sacred cantata, was the biggest feature of the recital given last evening at St. Andrew's Presbyterian Church in aid of the piano fund. The work was presented with becoming majesty, solos, choruses and recitatives being all carefully performed. Of the choruses the biggest and most dramatic were the "Hosanna," sung in a joyful spirit, the soprano bearing the burden of the work; and the "Ten Thousand Times," the final ensemble number, opened by the tenors and basses in unison, and closing triumphantly, all voices blending. The solo parts were borne by Mrs. Jesse Longfield, contralto, who sang with musicianly conception and much sympathy "Dearest Saviour," a calm and restful melody which is one of the most beautiful numbers in the whole work; Mr. E. Petch, the sweet quality of whose tenor was particularly satisfying in "Lord, Now Lettest Thou," and Mr. E. Butterworth, who sang with dramatic expression "Then Mighty Ocean."

Mrs. Hall (soprano), Miss Morton (contralto), and Mr. W. Melville took part in some of the trios and quartettes which were among the other interesting features of the cantata, Mr. Jesse Longfield at the organ furnishing a rich background of instrumental music. The cantata is designed to touch upon the chief incidents connected with music in the Holy Scriptures, and is arranged in a series of sketches, the continuity of which was excellently sustained in last night's rendering.

Part I. of the programme consisted of individual vocal and instrumental numbers, opening with Batiste's "Grand Offertoire in D," Miss Ina Gordon, a young musician, at the organ. Another new organist heard last night perhaps for the first time was Miss Lilla Robertson, who played with Mr. Jesse Longfield Lemare's "Andantino" for organ and violin. This was a very delightful number. Two more pleasing singers could not have been chosen for the rendering of Lachner's "My Faith Looks Up to Thee," sung in duet by Mrs. Jesse Longfield and Mr. Edmund Petch, both of whom possess voices of peculiar sweetness and sympathy. Miss Dorothy Dorrell is one of the more promising of the city's younger vocalists, and her rendering of "A Prayer for Those at Sea" was very good evidence of her abilities. Mr. Butterworth then sang with nice feeling Pugh Evans' "Lead, Kindly Light," and Miss Annie Wright, who sang Buck's "Fear Ye Not, O Israel," was the other soloist in this part of a programme which was uniformly good.

**Farewell to Mr. Ballantyne**

VANCOUVER, March 31.—Directors of the Vancouver, Victoria and New Westminster branches of the Young Men's Christian Association tonight tendered a send-off banquet to Harry Ballantyne, for the past seven years territorial secretary for Alberta and British Columbia. Mr. Ballantyne is leaving to become territorial secretary for Ontario and Quebec, with headquarters at Toronto.

## The Human Clock usually *Breaks* Down instead of *Runs* Down

"It has long been a favorite idea of mine to compare the human body with my old clock here."

"Without proper attention the old clock gets run down and stops until I wind it up again and then it ticks away just as heartily and regularly as ever."

"And as it is with the human body, but the great difference I find is that the human clock usually breaks down instead of runs down because people neglect to take proper care of their health."

"Through all these years I have managed to keep well and to keep young by using restorative treatment whenever there are indications of the system becoming run down."

"Fortunately I learned the value some years ago of Dr. Chase's Nerve Food and to its use I largely attribute my healthful condition at this age."

"When I hear people talking about being unable to sleep or of suffering from nervous headaches, indigestion or worn-out feelings I ask them, 'Why do you not use Dr. Chase's Nerve Food to increase your nervous energy.'"

"So many people, as age advances, suffer from a lowering of the vitality, from high blood pressure or hardening of the arteries, but I have found that the use of this restorative treatment, when required keeps my health at the high water mark."

## PERJURY SENTENCES GIVEN AT WINNIPEG

WINNIPEG, March 31.—Nathan Segal and Adolphe Friedman, found guilty of perjury as the result of evidence given during a bribery case following the last civic election, were sentenced to thirty days in jail. Segal was given hard labor in his sentence.

The perjury case arose out of Segal and Friedman being accused of having tried to bribe John Simpson, Aldermanic candidate in the last civic election, to retire from the field. Both men, in answer to the charge of attempted bribery, denied all knowledge of the charge.

## REACHING WIVES OF SOLDIER SETTLERS

### Short Courses in Domestic Science and Home Nursing Being Given Under Settlement Board Auspices

Through a series of short courses in domestic science and home nursing, the Home Branch officers of the Soldier Settlement Board of Canada have been able during the past few weeks to get closely in touch with the wives of many of the soldier settlers on the land in the West.

This branch has had the hearty co-operation of the Red Cross, Local Council of Women and the University of Saskatchewan in perfecting and carrying out the arrangements for these conferences, and testimony has been given by prominent educationists of the West as to the value of the assistance rendered in the development of soldier settlement operations.

In a report on the success of these conferences and of the work generally of the Home Directors of the Board, Mrs. Jean Muldrew, chief of this branch, remarks that 75 per cent of the women attending the conferences were British born and had come to Canada recently. Most of them were of an excellent type. When invitations were sent to them with the offer of free transportation to the point of meeting, many refused to accept this assistance, saying that they had had a good crop and did not need it.

The Home Branch arranged for a three months' course in home management, but it was not possible for a great majority of the wives of settlers to attend for such a long period. A series of short courses was, therefore, arranged, beginning with one at Swift Current. The Red Cross paid the transportation expenses and the Local Council of Women was responsible for the billetting. Fifty wives attended the course, nine of whom brought their babies. Saskatchewan University bore the entire cost of the instruction, sending the best experts they had.

The course was so successful that Mrs. Cunningham, on whom devolved the local arrangement, promoted similar courses at Moose Jaw, Regina and Yorkton, the Red Cross and Local Council of Women co-operating as before.

At Moose Jaw seventy-two women attended, twenty-two of whom brought their babies, and at Regina forty-seven women attended, nine of whom brought their babies.

The conferences were exceedingly helpful to all concerned, and many questions on home management of particular interest to the British-born wives were freely discussed.

In Manitoba the assistance of the Extension Department, Women's Institutes, Red Cross and Canadian Patriotic Society was enlisted. Through these organizations magazines and literature, particularly bulletins on cooking, dressmaking, dairy, butter, poultry and kindred topics will be distributed regularly among the settlers' wives in the West.

The Home Branch not only advises and guides where such advice and guidance are welcome, but, through its organization, is able to carry assistance of a very practical nature to settlers who through unfortunate circumstances need help. For instance, a woman had valiantly carried on the work of the farm during the brief absence of her husband, and through exposure and hard work had contracted tuberculosis. It was arranged that one of the Patriotic Societies should take charge of her and give her the proper nursing. Another case in the Prince Albert District was that of the settler's child who had deformed feet. Through the offices of the Home Branch, in co-operation with the Regina Patriotic Society, the child has been operated on and will be quite normal in a couple of months. Referring to a visit to an Alberta home, one of the Home Director's assistants observes: "Received a very cordial welcome. Mrs. ——— said 'they have thought of every point, haven't they?' She has had a very hard time and is not able to do any work. They cannot say enough good for the Settlement Board."

The wife of a Woodrow, Sask., settler writes to say how much she enjoyed the lectures and demonstrations at Moose Jaw. "It was a splendid week to me," she says, "as I met such lots of nice people and I won't feel quite so lonely out on the prairie now. I shall always look back on the first week's holiday I've had in Canada." She encloses a picture of her baby.

## RADIO VAUDEVILLE DELIGHTS AUDIENCE

### Programme of Amateur Variety Is Staged by President Knott of Radio Club for Armenian Relief

What was voted by the attendance in the assembly room of the Victoria High School Tuesday night as one of the most entertaining expositions of local amateur talent offered in many months, was given in the name of the fund for Armenian relief. It was presented under the auspices of the Victoria Radio Club, and President E. L. Knott and those associated with him were freely complimented in the success of their undertaking. The auditorium was well filled with spectators.

The entertainment took the form of a vaudeville show of eleven well chosen and interestingly presented numbers. The Harbor Marine Orchestra, under Director Finlayson, supplied no small part to the pleasure of the evening with selections sustaining the programme between acts, as well as accompanying several of the turns.

Following the overture little Miss Molly Hibben presented a series of toe dances. In an interval between changes of costume for her supplementary number, Tom Merryfield greatly mystified the audience with a feat of mental gymnastics. One of the decided high spots of the bill was the presence of Dave Rylands, whose take-off on the village curate in a snappy monologue was tremendously popular.

The "Fifty-Fifty" break between W. Bryson and Miss Mellis in the sketch entitled "One Hundred Dollars" awakened great longing on the part of those out in the auditorium. It was the same old story about the slavvy wife who found the need of $100 of her very own, and it was well presented with the sole assistance of the Misses Balings. The musical element of the programme was sustained by the excellent baritone solo of Mr. Dunn, assisted at the piano by Harry King; the Ross Sisters in song and dance, and "Miss" N. Buckle offering a clever song impersonation with a surprise feature which made a big hit.

From beginning to end the programme was bright and entertaining and the climax was in the concluding turn called "Scenes of the Underworld," by the "Slum Boys," starring Bob Lavine. This was elaborately staged and atingle with cheeriness to send the audience away with the feeling that they had been well repaid for their attendance.

## The One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy?

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

## COUNCIL SUSPECTED OF TURNING "RED"

### Mr. Eugene Woodward Holds Action on Store Closing Might Alarm the King—Retail Clerks "Victimized"

That Bolshevism, crept into the City Council Chamber last week and was embraced by the Mayor and aldermen when they adopted the by-law to keep the stores open on Easter Mondays and on the birthdays of the reigning sovereign is the allegation made by Mr. Eugene Woodward, secretary of the Retail Clerks' Protective Association, in a letter read to the Council on Monday.

Although Mr. Woodward pointed out that the by-law as passed will eliminate all holidays for retail store employees during the week of the King's birthday, the City Council was not convinced and ordered the letter received and filed.

"It is much to be regretted," wrote Mr. Woodward, "that your honorable body did not accede to the very reasonable request of my executive in respect to the holiday on the King's birthday. The unseemly haste with which you dealt with a matter which deserved mature consideration has led you to perpetuate an injustice which I feel sure was not intended. As matters now stand, the clerks have no legal right to a holiday of any sort during the week in which the King's birthday occurs. The Weekly Half-holiday Act makes it very clear that its provisions do not apply to those weeks in which the following holidays occur: New Year's Day, Good Friday, Victoria Day, Dominion Day, Labor Day, Thanksgiving Day, the birthday of the reigning monarch, and days appointed by proclamation. This section, read in conjunction with your recently enacted by-law, indicates that the clerks have now no legal right to a holiday on either the Wednesday or the King's birthday.

"It is difficult to believe that this piece of hasty legislation reflects the real intentions of your honorable body. Surely the patriotic gentlemen who constitute the Council of the City of Victoria, named after the illustrious grandmother of the present King, did not intend to mark the birthday of the reigning sovereign by depriving His Majesty's loyal subjects not only of the opportunity to celebrate the day itself, but of a privilege which is theirs to enjoy in all other weeks of the year.

### Embrace Bolshevism?

"I greatly fear that His Majesty would have unwelcome visions of the spread of Bolshevik doctrine if by any mischance he should learn that your honorable body regards his birthday as an occasion for depriving his subjects of well established holidays. In any case, it is no fault of the retail clerks that His Majesty has a birthday once a year and they cannot discover any good reason for victimizing them on that account.

"My executive will be glad to learn that you are prepared to repair the wrong you have committed by conning the operation of your recently enacted by-law to Easter Monday only. In the meantime we shall refuse to listen to those who charge you with disloyalty and shall feel disposed to give you the benefit of the doubt."

TORONTO, March 31.—A package containing a week's record of sales of ordnance equipment and cheques payable to the United States Treasury Department to the value of $150,000, was lost by an official of the United States Ordnance Department in the Union Station here last night. The package was left on a seat a few minutes, and when the officer went to get it, it was not there. The parcel was being taken to Montreal.

## KENNEL CLUB SECURES PREMISES FOR SHOW

The Victoria City Kennel Club has secured the premises at 563 Johnson street in which to hold their Spring show, which promises to be fully equal, if not superior, to the show held here in pre-war days, when the quality of the dogs benched invariably called forth expressions of high praise from the different judges engaged.

In addition to many local entries of high-class canines, there is every reason to expect plenty of competition from outside points. The show will be held on April 13 and 14.

## RICHARDS BEAT VOSHELL

NEW YORK, March 31.—Vincent Richards, New York, the young holder of the national indoor tennis championship singles, won his place in the semi-final round of the tournament on the courts of the Seventh Regiment Armory. The boy outplayed and out-generaled H. Voshell, Brooklyn, former champion, 6-3, 6-4.

### No New Record

NEW YORK, March 31.—Jole W. Ray, of the Illinois O. C., holder of the National middle distance running titles, failed last night in his attempt to lower Abel Kiviat's 1,500 metres run record of 3:55 4-5 in a special race over this distance. Ray covered the distance in 3:57.

Special Easter Term at Sprott-Shaw Night School begins Tuesday, April 6. Courses for everybody. Special rates. Phone 28 for particulars.

## GOLFERS WILL BE BUSY THIS EASTER

### Seven Members of Victoria Club to Invade Vancouver After Bostock Cup—Local Holiday Competitions

The results of the semi-final round in the Challoner & Mitchell Golf Cup competition of the Victoria Golf Club were as follows:

T. E. Lampman (handicap 19) beat A. T. Goward (handicap 9), 3 and 1.

B. Wilson (handicap 9), beat R. W. Gibson (handicap 16), 4 and 2.

In the second flight, E. D. Todd (handicap 12), beat Captain H. Westmoreland (handicap 19), 3 and 2.

J. E. Wilson (handicap 15), beat W. H. McInnes (handicap 20), 3 and 2.

### Easter Golf

The competitions arranged by the Victoria Golf Club for the Easter holiday are as follows—On Good Friday a sweepstakes of 18 holes against par will be played, full handicap being allowed and post entries accepted. This competition can be played off in four-ball matches.

On Easter Monday an eclectic mixed foursome competition will be held, players to choose own partners and opponents. The competition will be over 36 holes, half of combined handicap allowed; post entries will be taken. Three prizes will be hung up for the competition on each day, and visitors holding monthly tickets will be eligible to compete in either competition.

Seven members of the club are going over to Vancouver to compete in the Bostock Cup competition for the Provincial golf championship, namely: A. V. Macan, runner-up at the last competition; J. F. Matterson, A. T. Goward, J. S. Hargreaves, J. H. Hope, J. A. Rithet and H. M. Redpath.

## SEATTLE BOXERS ARE GETTING INTO SHAPE

### Claude Scott and Johnny Morgan Expected to Furnish Feature Bout of Coming Tournament

The committee in charge of the international boxing tournament, which is to be staged at the Crystal Theatre next Wednesday evening, received a letter today from Claude Fortner, the Seattle detective, stating that his entry for the tournament would have to be cancelled, as he had been served with a subpoena to appear in a Los Angeles court on April 3rd.

The promoters immediately got busy and sent wires to Vancouver and Seattle to try and get other boxers to round out the card, and no expense will be spared in an effort to make this tournament equal to if not better than the one put on during royal week. Fortner in his letter stated that the other Seattle boys were training hard, and would be on hand to show their knowledge of the fistic game before a Victoria audience.

Claude Scott, the 145-pound Seattle entry, is a brother of Pat Scott, the former boxing instructor of the Seattle Athletic Club, and in the pre-war days one of their best boys at 125 pounds, being compared very favorably with Earl Baird, Irving Gleason and other well-known stars. When America entered the big war Scott joined up, and, while overseas, he has engaged in numerous contests, including the Inter-Allied sports, which were held in the Pershing Stadium in Paris, in which he was a representative of the American Expeditionary Force at 135 pounds. Since his return he has put on weight and he is obliged to fight in the 145-pound class, and he is now hoping to get his place on the American Olympic team.

Johnny Morgan, who is fighting under the colors of the V.I.A.A., has been chosen as the local representative to meet the clever Seattle boy. Morgan has proved conclusively in the past that he is the best boxer at his weight on Vancouver Island, and is looked upon as a certainty for the Canadian Olympic boxing team; consequently, this bout should be one of the features of the evening's entertainment.

## JESS WILLARD FINED

### Talks Threateningly to Colored Policeman and it Costs Him a Dollar

LAWRENCE, Kas., March 31.—Jess Willard, former heavyweight champion, was fined $1 and costs by Justice R. C. Manley here today on a charge of disturbing the peace. Complaint was made by Fred Logan, a negro policeman, who testified today that Willard told him "that he would kick his lungs out," when trouble arose when Willard in an automobile attempted to pass Logan, who was riding in a wagon.

## KITCHENERS TO PLAY AMERICAN ALL-STARS

KITCHENER, Ont., March 30.—The Kitchener Hockey Association senior team will leave on Thursday evening for Pittsburg, where they will play the All-Star American team which has been selected to represent Uncle Sam at the Olympic games at Antwerp. The games will be played on Friday and Saturday nights.

## VETERANS WILL HAVE STRONG CRICKET TEAM

The newly-formed committee of the Army and Navy Veterans held a meeting last night, when the reports received from the conveners of the different lines of sport in which the club intends to be active, were most encouraging, and great things are being anticipated for the future. Among the branches of sport in which the club will take an active part, cricket promises to be one of the strongest, and it was decided at the meeting that at least one cricket team would be entered for the various cricket competitions this summer.

In order to raise funds for this branch of the organization, it was decided that a military five hundred would be held in the near future.

## VICTORIA BEES WILL START ON THE ROAD

### Will Await Opening of New Ground Behind Empress Before Playing Here—Managerial Roster Announced

VANCOUVER, March 31.—Vancouver Beavers will be at home for sixty-three games during the coming Pacific International League, according to the official schedule which was drafted at last Saturday's session of the magnates in this city. There will be eighteen weeks' play, the season opening on May 5 and closing on Labor Day, September 6. The Beavers will play a total of 119 games, 56 of them on the road. Each club draws practically the same number of games.

Victoria's new park will not be ready until late in May and the Bees will spend the first two weeks of the season on the road. Vancouver will assist Victoria in celebrating the opening of the new park in the capital city.

Holiday games are announced as follows, Vancouver being at home for two of the five holidays:

May 24 (Victoria Day)—Yakima at Vancouver; Seattle at Spokane; Tacoma at Victoria.

May 31 (Decoration Day)—Vancouver at Tacoma; Victoria at Spokane; Seattle at Yakima.

July 1 (Dominion Day)—Seattle at Vancouver; Tacoma at Victoria; Yakima at Spokane.

July 5—Vancouver at Spokane; Victoria at Tacoma; Seattle at Yakima.

September 6 (Labor Day)—Vancouver at Tacoma; Spokane at Seattle; Yakima at Victoria.

All the managers who will be at the head of the clubs have been named and they are now busy assembling their players. The managerial roster follows:

Vancouver, Bob Brown; Victoria, Bill Leard; Tacoma, Bobby Vaughan; Seattle, Dave Hillyard; Spokane, Cliff Blankenship; Yakima, Tealey Raymond.

Blankenship and Vaughan are former major league players, the former having also managed Salt Lake City, Pacific Coast League. He played in the old Northwestern League. Bill Leard has had big league experience and has also figured in the Coast League, while Raymond, Hillyard and Brown are veterans of the Northwestern League, who have had a world of experience in handling clubs. The managers are a live hustling lot and that they will give the fans first-class ball is a foregone conclusion.

## UP-ISLAND SOCCER

### Cumberland and Ladysmith Meet on Saturday for Right to Play for McBride Shield

NANAIMO, March 31.—Next Saturday is the date fixed for the match between Cumberland and Ladysmith for first place in the Up-Island section of the McBride Shield series. Both teams are practising hard. Mr. Lock of Victoria will referee the game and Messrs. J. English and J. Quinn will be linesmen.

The Hunt Challenge Cup, which has been donated for competition in City League soccer by Mr. John Hunt, general superintendent of the Canadian Western Fuel Co., Ltd., is on exhibition today. The cup is of sterling silver and of handsome appearance. In addition to the cup, eleven gold medals go to the players of the winning team.

## JACK'S IN NO HURRY TO CROSS THAT LINE

CALEXICO, Cal., March 31.—Jack Johnson, former heavyweight champion, arrived at Mexicali, adjoining Calexico, but across the international line in Mexico, yesterday.

Johnson began negotiations today for a fight at Mexicali in the near future. Johnson said he expected to return to the United States and "get squared" with the Federal authorities soon.

He said he would then take up his former occupation of boxing and would sign for a theatrical tour.

## ZBYSZKO WINS AGAIN

HARTFORD, March 30.—Stanislaus Zbyszko, Polish heavyweight wrestler, defeated Constantin de Bouvier, of France, in two straight falls here last night. The first was in 25 minutes 35 seconds and the second in 14 minutes 10 seconds.

## DATES ARE SET FOR CHAMPIONSHIP BOUTS

OTTAWA, March 31.—The annual boxing championships of the A.A.U. of Canada will be held in Ottawa on April 23 and 24.

## SHAWNIGAN BOYS WIN SOCCER FINAL

### Duncan High School Have to Acknowledge Defeat by Two to One—Fine Trophy Goes to Winners

DUNCAN, March 31.—Shawnigan Lake School successfully carried off the honors yesterday afternoon, when they defeated the Duncan High School in the football match for the shield presented by the business men of Duncan, by a score of 2-1.

On Saturday afternoon last the Boy Scouts and the Public School were eliminated from the contest when they met defeat at the hands of the Shawnigan Lake School and the High School, respectively.

The game yesterday was played at the recreation grounds. The High School were under a disadvantage in the fact that they only had ten men to place on the field while their opponents had the regulation eleven. The game throughout was keenly contested. Mr. S. Wright handled the whistle in a most fair and impartial manner.

The teams lined up as follows:

Shawnigan Lake School—Macleod, Bradley, Neil, J. Groves, Officer, Payne, Jolby, L. Mellin, T. Groves, Musgrave and R. Mellin.

Duncan High School—Jack Young, Cyril Smith, Marsh, D. Douglas, Stewart Paterson, Hector Munro, R. King, Willie Erith, Donald Campbell and Hubert Bevan.

## CHESS TOURNAMENT STARTS TOMORROW

### Provincial Championship to Be Played for in Victoria—Seven Entries in for Major Event

On Good Friday play will start in the annual British Columbia chess championship tournament, which is being held in Victoria this year at the Victoria Chess Club's rooms in the Metropolis Hotel, and will continue on Saturday and the following Monday. Play will start each day at 10 a.m. and continue until 10 p.m., with an intermission each day from 2 to 6 p.m.

Seven entries are in for the major tournament and eleven for the minor. The trophy for the major tournament will be the Bowser Shield, and each winner will be presented with a gold medal suitably inscribed, and each winner in the minor tournament with a similar silver medal. Four of the major players and seven of the minor players come from Vancouver or other outside places.

## ESQUIMALT PATIENTS HOLD SPORT EVENTS

The patients at the Esquimalt Military Hospital have been deeply interested of late in sporting events. Among the various tournaments held, the most interesting have been an elimination billiard tournament and a checkers tournament. The results in the billiard tournament to date are as follows:

First round—Bristow, 100; Lloyd, 29. Hardwick, 100; Whiteman, 87. Thomas, 100; Ruggles, 66. Macdonald, 100; Roberts, 99. Kent-Fawkes, 100; Bradley, 69. Cowen, 100; Pollock, 55. Frost, 100; Payne, 92.

Second round—Thomas, 100; Bristow, 98. Cowen, 100; Frost, 52. Macdonald, 100; Hardwick, 62. Kent-Fawkes a bye.

The checkers tournament, after quite a lot of excitement, was finally won by Mr. Stubbs.

## YANKS SHOW RESPECT FOR WINNIPEG FALCONS

### Regard Them as Most Dangerous Opponents in Olympic Hockey Series—Think Europeans Easy

NEW YORK, March 31.—The New York Times, commenting on the United States hockey championship aspirations at Antwerp, this morning says:

"So far as can be judged from advices abroad, the strongest opponents of the United States team will be the Winnipeg Falcons. American hockey officials hold the opinion that the Falcons are about equal in playing strength with the Winnipegs, which team the United States Olympic seven defeated two out of three games last week. The European entries are thought to be less formidable than the American continent teams.

## THE SQUARED CIRCLE

SAN ANTONIO, March 31.—Jimmy Hanlon, Denver lightweight, had the best of a ten-round no-decision fight here last night with Otto Wallace, of Milwaukee, in the opinion of newspaper critics.

LOS ANGELES, March 31.—George Shade, of San Francisco, was awarded the decision over Young George, of Los Angeles, at the end of their four-round bout at the Vernon Arena here last night. Bert Colima, Los Angeles, was awarded the decision over Al Nelson, San Francisco.

### Hamilton Athlete Dead

HAMILTON, March 31.—John "Husky" Craig, for several years one of the stalwarts of the Tiger football team, died at his home here yesterday.

The pearl Cleopatra is said to have dissolved and swallowed was valued at $400,000.

## Cocoa and Chocolate Merger

### Canadian Interests of Fry's and Lowney's, Associated

Arrangements have been made for the association of the business interests, in Canada, of The Walter M. Lowney Company of Canada, Limited, and J. S. Fry & Sons, Limited, of Bristol, England.

The Walter M. Lowney Company of Canada, Limited, has a large plant in operation in Montreal, established many years ago, and has been carrying on business in all parts of the Dominion, its sales of eating chocolate and confectionery having been particularly extensive.

The firm of J. S. Fry & Sons, Bristol, was established in England in the year 1728, and, for generations, its chocolate and cocoa products have been well and extensively known in Canada and the Empire. During the past ten years these have been handled by its own branches throughout Canada. The Bristol firm has recently caused J. S. Fry & Sons (Canada), Limited, to be incorporated by Dominion Charter, with head office in Montreal, to which it has transferred its Canadian assets. J. S. Fry & Sons (Canada), Limited, will continue to maintain its own branches throughout Canada, and has acquired, and will promptly equip, an extensive modern manufacturing plant in Montreal, for the purpose of manufacturing, within Canada, Fry's well-known brands, which hitherto have been imported from Bristol.

While the identity and good will of each Firm will be maintained and extended, it is expected that, through the association, substantial economies will be effected, both in the purchase of raw materials, and in the marketing of finished product. The two lines supplement each other, inasmuch as the Lowney Company is largely engaged in manufacturing and selling eating chocolate and confectionery, and the Fry Company specializes very strongly in cocoa and related products.

## FALCONS WILL STAY IN ICELANDIC HOME

### Star Player and Trainer Will Not Return to Canada After Olympic Games in Europe

TORONTO, March 31.—Fredericksen, the star player of the Winnipeg Falcons, and G. Sigurjonsson, the trainer of the team, will not return to Canada after the Olympic series at Antwerp, according to their present intentions. They propose to locate in Iceland after the series is over. Both men are Icelanders by descent. Frederickson is going in for aviation in his new homeland. He was a member of that branch of the service in the Great War.

The Manitoba Government has granted $2,000 to the players. Secretary Hewitt, of the Ontario Hockey Association, will chaperon the tourists.

Mr. Hewitt has announced that he will turn over the entire amount to the players. With the $500 donated by the city of Winnipeg the players will be well provided with pocket money.

### To Tour Australia

LONDON, March 14.—(By mail, by Canadian Associated Press.)—The council of the Northern Rugby Union met in Manchester and selected the following players to complete the team to tour Australasia during the summer: A. Wood, Oldham, full back; Stockwell, Leeds, Evan and Davies, Oldham; Hurcombe, Wigan, and W. J. Stone, Hull, three-quarter backs; A. Skelhorn, Warrington, and W. Reid, Widnes, forwards.

## SAN DIEGO SWIMMERS WIN FROM STANFORD

SAN DIEGO, March 30.—The San Diego Rowing Club defeated a swimming team from the University of Stanford here tonight at a local plunge by a score of 46 to 31. Mills, of Stamford, was the high point winner, with 11 points. Rawlings, Pacific Coast 50-yard champion, was next with six points. Elliott Burns, Pacific Coast 440-yard title holder, had little trouble winning his event.

### New York Stock Exchange

NEW YORK, March 31.—The New York Stock Exchange will be closed next Friday and Saturday, the board of governors announced today.

### Bodies of U. S. Soldiers

BREST, March 31.—The first body of an American soldier who died in France was exhumed from French soil here yesterday at the Pont-a-Nesen company's cemetery. The graves officials will have 100 bodies ready for shipment to America by April 5, the date on which a transport has been requested from the Navy Department.

## INTEREST KEEN IN CARNIVAL OF SPORTS

Numerous Entries Come In From Various Clubs — Audrey Griffin Will Be Seen in Mounted Events

A meeting of the committee in charge of the carnival of sports for Good Friday afternoon was held at the V.I.A.A. clubhouse yesterday evening, when the following officials were chosen to handle the entertainment: Judge of mounted events, Brig.-Gen. E. P. Clark; starters, R. Baker and E. Beales; timekeeper, W. H. Wilkerson. Track events, starter, S. J. Charman; judges, J. T. Braden, H. H. Brown and L. A. Smith; timekeepers, H. H. Taylor, Max Kilburger and D. Grubb; announcer, Geo. I. Warren; clerk of course, Alan Hawthornthwaite; referee of boxing, Harry Boyd; steward, J. North; director of sports, Al. Davies; assistant, Harry Boyd.

Entries were made today from representatives of the James Bay Athletic Association and the Harbor Marine. H. Watson, of the J.B.A.A., has entered for the 100 yards, 220 yards and high jump. L. E. Oliver will represent the Harbor Marine in the 100 yards and 220 yards, also in the mounted events. Additional entries for the cycle races are Lawrence Everett (unattached), B. Colpitts (V.I.A.A.) and Algoma Kenney (V.I.A.A.). Numerous entries have been made from members of the tree boxing class for the boys' races and several other schoolboys have entered. The boys are particularly keen on catching the prize for riding the Shetland pony backwards, also on the Shetland pony race. The boxing part of the programme will be provided from amongst pupils of the boxing class.

Prizes are to be awarded to the winner in each event, which should be a guarantee that each bout will be keenly contested. The contestants in this part of the programme will be as follows:

Harry Robinson vs. David Lewis.
C. J. O'Brien vs. Geo. Willard.
Dave Burnett vs. Hugh Burnett.
Phillip Edwards vs. Harry Mercer.

In addition to the above bouts, Albie and Jumbo Davies will put on one of their celebrated three-round exhibitions.

Audrey Griffin, the star swimmer, will make her first appearance before a Victoria audience in the role of a horsewoman. Those who have seen Audrey riding state that she is exceptionally clever. She has expressed a desire to enter the various races without using a saddle, and it is quite possible that it will be so arranged. The committee particularly wish to call the attention of all contestants over 16 years that it will be necessary for them to have this year's amateur card from the B.C.A.A.U. Harry Boyd, the secretary, has promised to take a number of cards out to the grounds with him, and anyone not having same can obtain them from him.

## LEADERS IN THE HOME RULE DEBATE SHARPLY SNUB U.S. POLITICIANS

(Continued from Page 1)

maintain that the bill would be immediately acceptable to Ireland, or that there could be evolved any scheme sanctioned by any party in the United Kingdom which would suit the Irish when launched.

The Premier pointed out that it could not be expected that 150 years of unrest could be settled in a year or two.

**Labor Leader's Suggestions**

William Adamson, Labor leader, said he was opposed to the bill and that his followers had adhered to his decision in a vote, but he did not outline any definite plan for solution. He stated his personal views which, he said, should not be confused with the view of his party, as he had not placed them before the leaders of labor. He was for one parliament with full powers for everything except defence and foreign affairs and for immediately calling a constituent assembly.

**Sir Edward Carson**

Sir Edward Carson, the Ulster Unionist leader, was one of the first speakers when the Commons resumed consideration of the bill. He declared he wished to reiterate his opposition to the whole policy of Home Rule for Ireland.

Sir Edward said he never had believed in it, and did not believe in it now. He believed it would be disastrous to both Ireland and England.

The Ulster leader declared he deplored the fact that Ireland would give up her representation in the Commons, because every injustice committed toward Ireland was inflicted before the Union, and not since, and none of them would have been possible with the present representation of Ireland in the Imperial Parliament.

Sir Edward urged there was no alternative to the Union except separation, and under this bill, he believed, a lever was being given to parliament's enemies in Ireland by which they might, under the guise of constitutional law, attain results which would be absolutely fatal to the Empire. Therefore, he said, he could take no responsibility for the measure. Sir Edward declared he would not vote for the bill, but would not do anything to prevent the bill becoming law.

**Assassins Are Americans**

Referring to the assassinations in Ireland, Sir Edward asserted he did not believe it was his own countrymen who were in these deliberations. He believed they were committed by ill-conditioned men from America, who had come back here to carry on propaganda which was going on in America, and which the British people never took the slightest trouble to answer.

Sir Edward said he would welcome it if there was any one in the south and west of Ireland to come forward with outstretched hands and say:

"You and I are members of the same country. We love our country, and we must do our best, starting in good temper, to govern the new parliaments which are entrusted to us."

The Ulster leader declared he would look forward to the time when under these conditions, they might unite in one parliament, but unfortunately it was not yet their task. One thing he would promise, namely, that Ulster would do her level best with her parliament.

**Loyalists May Need Help**

William Morgan Jellett, member for Dublin University, asked Ian Macpherson, Chief Secretary for Ireland, whether the Government would be prepared to facilitate and finance a scheme of emigration for such loyalists of the South and West of Ireland as may desire to leave that part of the country through apprehension of results to themselves in the event of the government's Irish proposals becoming operative, and to compensate them for their losses.

Mr. Macpherson replied that he hoped such a contingency would not arise, but if it did, it would have to receive grave consideration.

## COAST ATHLETES HAD BETTER GET READY

VANCOUVER, March 31.—According to word received here, Walter Knox, of Orillia, Ontario, who is to prepare the Canadian track and field teams for the Olympic games at Antwerp, Belgium, will visit British Columbia Coast cities next month for the purpose of looking over Olympic material.

## STRIKE IN DENMARK HAS BEEN DEFERRED

LONDON, April 1.—Postponement of the Danish strike until next Tuesday shows, according to a dispatch to The London Times from Copenhagen, that the Socialists are willing to give the influential persons who they know are working for a compromise, time to effect a settlement, and that the strike will not take place if the situation changes in the meantime.

COPENHAGEN, March 31.—The president of the Association of Danish Trade Unions told the correspondent today that the general strike order was effective immediately, but that it was left to the various labor unions to carry it into effect at their own convenience. The strike must be effective, he added, not later than next Tuesday morning.

## LABOR TROUBLES BREAK OUT IN ITALY

LONDON, March 31.—A Central News dispatch from Rome says the state workers employed in the arsenals, tobacco factories and other concerns went out on a general strike for higher wages in Turin, Naples, Venice, Florence, Bologna and many other places at midnight last night.

ROME, March 30.—A lockout was enforced today against nearly 100,000 men in Rome industries who for several days past have been going to the shops and remaining there eight hours, but performing no work. When they went to the shops this morning they found them occupied by soldiers and were unable to gain admittance.

## LIQUIDATOR ASKED FOR TORONTO WORLD

TORONTO, March 31.—The World Newspaper Company, Ltd., desires a reference to J. A. Cameron, Master-in-Chambers, on April 7, to appoint a permanent liquidator.

The company as at present organized was incorporated in 1903 with a capital of $300,000. The whole capital, 3,000 shares, of a par value of $100 each, was in the name of Catherine C. MacLean, now dead, and her heirs are believed to be the equitable owners.

John Lang, the circulation manager of The World, is the petitioner for the winding up. He claims The World is insolvent, that its debts are about $500,000, that it is indebted to him personally in $1,900, for which he has no security, and that an assignment has been made to G. T. Clarkson.

## OLD CANNON BALL STRIPS SAW IN MILL

VANCOUVER, March 31.—An old-fashioned cannon ball of the twenty-five pound variety, used many years ago on the coast by the Admiralty ships when first making surveys of these waters, was the cause of stripping one of the saws at the plant of the False Creek Lumber Company's plant this morning. The accident cost the company $350.

The cannon ball was embedded in the center of a great log which had been cut at Duncan Bay, having evidently been discharged by a passing warship many years ago. The tree had grown right around the missile, concealing it so perfectly that it was not discovered until the saw struck it.

## RHEIMS RECOVERING SLOWLY FROM HAVOC

RHEIMS, France, March 31.—France's "Martyr City" has been able to offer hospitality shelter to 50,000 of its citizens who have returned, thanks to the ruins of wine cellars.

The city's pre-war population was 120,000. It has been possible to resume the champagne industry almost at once. The recovery of the textile industry will be far less rapid, as almost all the looms have been systematically destroyed.

The latest sign of recovery is the resumption of the street car system, but it is typical of the ruined city that during the first trial run a tottering house fell across the track after the car had passed, owing to the slight vibration.

Rotterdam, N.S., is named after a clay village near Antwerp, Holland.

## MANY RUNNERS FOR ROAD RACE TOMORROW

About a Dozen, Including Well-Known Men, Entered for Harbor Marine Event—Y. M. C. A. at Disposal of Athletes

There were about one dozen entries made up to yesterday for the Harbor Marine five-mile road race, which will start from the Y.M.C.A. building tomorrow morning at 10 o'clock. Runners from the J.B.A.A., Y.M.C.A. and Harbor Marine Veterans' Association have put in their names, among them being Harwood, winner of the last five-miler; Halton, a twelve-miler, and Jimmy Baylis, J.B.A.A. crack, who has taken up running again after being out of the game several years. Further entries are expected, and will be taken up to 9:30 Friday morning.

The race will start from the Y.M.C.A., and the course lies to the Willows and return to the Y.M.C.A. Mr. J. S. Clark, naval architect at the Harbor Marine yard, will act as starter.

The runners are asked to be at the Y.M.C.A. ready for the race on time. The Y.M.C.A. rooms and facilities have been kindly placed at the convenience of the runners and race officials.

No letter to the editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception.

**Returned Soldiers and Politics.**

Sir—In The Sunday Colonist is an article under the name of "Uncensored War Memorials," "Mr. Gibbs' Tragic Book.

"Mr. Gibbs says what our soldiers suffered and achieved in words that often burn with flame. That the men came back from leave with a curious hatred for England because the people seemed so callous of their suffering and so damned cheerful." That they 'wished the profiteers might die by poison gas, and prayed God that Zeppelins would visit England so that the people might know what war meant, for it was hell in the field," and he goes on to say that one officer told him "I am afraid of losing my nerve in front of my men, the shelling is bad enough, but the mines wear one's nerve to shreds."

Further Gibbs says: "Our men were never dry, they were wet in the trenches and wet in their dugouts; they slept in soaked clothing with boots full of water; drank rain with their tea and ate mud with their bully, and endured all with the philosophy of 'grin and bear it,' and meanwhile they laughed and cursed."

The above quotations in the face of the enemy from a correspondent who without doubt knew the real facts about which he wrote better than most war correspondents.

Now, after our return home, we find the lawmakers of British Columbia, after a clergyman has invoked the blessings of the Almighty on their efforts to do right each day, charging the men who Gibbs refers to with taxes on the small holdings they left behind in trust while they went to fight for the safety of them who they left behind. And even the war widow's home is so charged, notwithstanding her husband died in the wet and filth, while the overwhelming majority of the men who have the say about what we are and are not entitled to, remained warm and dry at home.

The ex-Kaiser has his six sons, all safe, but he is a fugitive today, and the time will not always be that men who stayed at home will be the judges of what we are entitled to, which is largely a profiteer's judgment on us.

No soldiers' court would consent to tax the soldier while he was on service, nor the widows and dependents of those who made the supreme sacrifice.

I had the honor of presenting the resolution asking that exemption up to $2000 assessed value be given to the ex-service men, their widows, etc., during the time of service. The above resolution was the one endorsed by the Soldier-Labor Council of Victoria, and was taken with others by a delegation and presented before the Premier and cabinet, and after a very unsympathetic hearing was placed in the hands of Mr. J. H. Hawthornthwaite, M.P.P., who took it onto the floor of the Legislature, but was defeated by a Liberal majority.

The vote that said it was right to charge taxes while paying a man $1.10 a day is surely without feeling or conscience. Imagine a war widow stinting herself to pay taxes on a small home left by a husband who had given up his life for the country, which takes taxes from her! Yes, those legislators can, but the people of British Columbia would not.

The urgency and need of the returned men standing solidly together for the justice to themselves and loved ones as well as for those who are unable to demand it becomes more apparent each day.

If we are good enough to stand between bullets and our country's safety we should be good enough to have some say as to how the country is run.

BURGES J. GADSDEN,
Ex-2nd C.M.R. and Royal Artillery.
1217 Quadra street, Victoria, B.C.,
March 29, 1920.

**The Rule of the Road**

Sir:—I beg to agree with your remarks on this subject, in a recent issue, that the Government has no mandate from the people to make any change in the existing system.

Eastern Canada and the southern portion of the United States were settled originally by the French, who brought their system with them, but this Province was settled by the British, and it would be a distinct step upon those noble pioneers if we now were to go humbly on our knees to the rest of the inhabitants of North America, and to say, "We are very sorry that our rule of the road does not agree with yours and we will alter it to suit your convenience." Rather ought we to stand boldly forth and say, "We come of a race which is renowned throughout the world for its skill in the handling of horses and of everything to do with them, including transportation. And we refuse to abandon our rule of the road, which is the right one and which has proved itself to be so by many years of practice, in favor of your system, which is wrong, and for the adoption of which no reason is advanced save the flimsy one of expediency.

Today the people of France recognise the superiority of our system, and are actually proposing to introduce it into their own country, while we are contemplating a retrograde step by proposing to adopt a system which we know to be devoid of merit.

The drivers of vehicles are not the only people to be considered in this matter. The humblest pedestrian has a right to be considered too. Long habit, now become an instinct, leads us to look out for danger in a particular direction when crossing a busy thoroughfare. If the direction from which that danger threatens is changed, serious accidents are bound to occur. A man who would be a party to thus exposing our aged people and young children to danger should be classed with those ruffians who sent hospital ships with all their helpless passengers to the bottom of the sea.

**Medical Congress Grant Wanted**

VANCOUVER, March 31.—The Canadian Medical Association received a $500 civic grant for a medical congress held in Vancouver in 1906. Before the finance committee this afternoon they are asking for a $1,500 civic grant to aid a similar, only more important, congress due in this city on June 23 to 26, inclusive.

**Indoor Running Record**

NEW YORK, March 31.—An American indoor running record of 59 1-5 seconds for 500 yards was set here tonight by James W. Driscoll, of Boston College, New England, and A.A.U. quarter-mile champion. His time was 4-5 seconds better than made by Ted Meredith at Newark, N.J., in 1914.

**Football Practice**

All players of the Harbor Marine Football Club are asked to attend practice at the Foundation Clubhouse tonight at 7.45 o'clock, and all other players interested.

## PROVINCIAL POLICE SECURE CONVICTIONS

NANAIMO, March 31.—The Provincial Police secured convictions yesterday in the Provincial Police Court for unlawful possession of liquor against G. Emerick, of the Quarterway, who was fined $50 and costs, and against John Thomas Wellington, who was fined $100 and costs.

A. Miller, a young man who had been employed at Nanoose Bay, was yesterday sentenced in the Provincial Court to one month's imprisonment with hard labor, for the theft of a suit of clothes and other articles of wearing apparel.

The conviction against J. X. (Nigger) Smith for illicitly manufacturing intoxicating liquor was sustained yesterday by His Honor Judge Barker. The sentence, which was 12 months' imprisonment, was imposed by Magistrate Potts several weeks ago.

**Incipient Strike**

NANAIMO, March 31.—The Provincial Government has a small strike on its hands locally. The teamsters who have been hauling gravel for repairs on the local roads are asking an increase from $8 to $10 a day, and a settlement not having been made over the week-end, stopped hauling.

**Col. Collishaw's Movements**

NANAIMO, March 31.—A letter from Col. Raymond Collishaw to a Toronto friend announces that the distinguished aviator hopes to return to Canada in April. The letter is dated January 25th and describes his participation in the 2,000-mile retreat towards the Crimea before the Bolshevik forces.

**Nanaimo's Rotary Club**

NANAIMO, March 31.—The charter of the new Nanaimo Rotary Club will be presented next Thursday night by Rotarian William C. Shelly, of Vancouver, who will be backed up by a large delegation of Rotarians from Victoria and Vancouver.

## LIBERAL ELECTED FOR KAMOURASKA

HAILEYBURY, Ont., March 31.—David Bertrand, who had been expected to run as an independent candidate in the Temiskaming by-election for the Dominion House, did not seek nomination when the entries for the contest were filed today. The following candidates were officially named to contest the election, which will take place next Wednesday: E. F. Pullen, Independent Conservative; Angus J. McDonald, Independent Liberal and United Farmer; U. S. Staght, Liberal.

ST. PASCAL, Que., March 31.—Adolph Stein, the Liberal nominee, was today elected by acclamation for the vacant Kamouraska seat in the House of Commons. His name was the only one submitted at the nominations this afternoon, and he was declared elected.

**Italy's Representative**

COPENHAGEN, March 31.—Gen. Albricci, former Minister of Justice, has been appointed to represent Italy on the Inter-Allied Council at Constantinople.

**Manitoba Loan**

WINNIPEG, March 31.—Hon. Edward Brown, Provincial Treasurer, announced today that a bond issue of $1,750,000 will be sold in the immediate future, probably within the next six weeks. The issue will be sold by public tender and the money will be obtained, if possible, in New York.

**Weakness on Paris Bourse**

# At the Playhouses

**COLUMBIA THEATRE** An automobile-train collision in which nothing is left to the imagination, in one of the outstanding thrills of the Vitagraph picture, "Shadows of the Past," which is showing at the Columbia Theatre, where Anita Stewart is the star. This collision scene is different from the collision spectacles ordinarily placed on the screen, in that the action is complete. Generally the action of such a scene consists of an automobile and train racing at angles toward each other at a crossing, and then a "flash" of the machine being tossed to bits. The automobile in this case is seen to travel across the path of the locomotive to safety, then to be struck at the tonneau. And the further remarkable fact is that the occupants of the car are seen apparently in full animation and reality at the very moment of contact. They appear to be plainly not "dummies."

**PANTAGES THEATRE** An act of great entertainment merit is found in the comedy diversion which is appearing at the special added attraction of the current bill of Pantages vaudeville, the pantomime of "Dogville on a Busy Day." Derkin's famous European novelty features "Rusty," a most remarkably trained canine who, with his clever companions, provide an uproarious fifteen minutes. The animals are well trained and attend to their work in a thoroughgoing, business style without having anyone on the stage to direct them. This is a nifty closing act for the programme which features Charles Althoff, in his farewell tour of the Pantages circuit before returning to Broadway to take a major part in John L. Golden's latest drama, "Thunder." There are four other good turns on the programme, all of which maintain the strong tone of a comedy bill of vaudeville.

**DOMINION THEATRE** Leaning over cautiously to his attendant who stood motionless by his side, the aged King whispered: "Slip me the makin's." The guard took paper and tobacco from his hip pocket. He handed over the paper readily enough but the precious weed he kept tight hold on, while he poured out his monarch a small portion. What was the meaning of this unseemly conduct on the part of royalty? Well, as the story goes the old boy and his kingdom were stone broke, the guard hadn't drawn his pay for two years, and the King was bound to have a smoke if it caused a revolution. It's just one of the side shows in the big circus of joy that Wallace Reid is showing at the Dominion Theatre this week with his latest Paramount-Artcraft picture, "Hawthorne, Adventurer."

**VARIETY THEATRE** Miss Daly, who will be remembered in the Skinner picture as Honey, portrays the role of Evelyn Ames in "Brown of Harvard" at the Variety, for whose love Tom Brown, Harvard athlete, attempts to shield her profligate brother, Wilton. The role of Brown is played by Mr. Meore. The story shows Wilton desperately involved with Marion Thorne, sister of Harvard's stroke oar. The boy is ensnared by Victor Colton, a gambler, into a plot to defeat Harvard in the boat race by disabling Thorne. In accomplishing this plan they lead him to believe Tom Brown is responsible for his sisters' trouble. Brown, a substitute on the boat crew, replaces Thorne and wins the race. As he is being cheered by the throngs lining the river, Thorne rushes up with a revolver to shoot him. Evelyn saves Tom, but demands that he marry Marion. At this dramatic climax Wilton confesses to having secretly married Marion a year previous. Thus the pathway of love is cleared for Tom and Evelyn.

**ROMANO THEATRE** "Under Suspicion," the attraction featuring Ora Carew which begins a showing at the Romano Theatre today, happily combines the entertaining features of a good, rousing melodrama and those of a crook-play. Of situations embodying both phases of those forms of cinema diversion there are plenty, and in addition a goodly amount of genuinely funny situations has been woven into the production. Miss Carew, the Universal star, in her role of Betty Standish, a small town girl, has the support of Forrest Stanley as her leading man, and Charles Clary. Stanley portrays the part of Jerome Kent, a wealthy young bachelor of fashion, who goes away for a respite from the wiles of designing dowagers with marriageable daughters. During his absence his valet, seeking to make a little extra money, rents the bachelor quarters to Betty Standish and her spinster aunt. Kent returns unexpectedly one night to find a strange young lady in his bedchamber. He is immediately taken for a burglar, a part which in a spirit of fun he continues.

## AMATEURS PERFORM FOR SWEET CHARITY

**Aggregation Presented Sketches at Semple Hall Last Night—Added Features for Tonight**

The inclement weather failed to dampen the enthusiasm of patrons of the entertainment staged at Semple's Hall, Victoria West, last evening, under the auspices of the Western Star Lodge, No. 7, A.O.U.W., for the benefit of a widow and six children left without means of support by the death of the husband and father, several weeks ago, from influenza-pneumonia, and although the attendance was comparatively small, the artists assisting on the diversified programme received every encouragement from a thoroughly appreciative audience.

The programme opened with a short sketch entitled "The Real Thing," which outlined very forcibly some of the things a newspaper editor is up against. Mr. A. W. Semple gave an excellent interpretation of the character of a poet, whose "doggerel lines" required a radical change before publication, and Mr. A. Clunk gave a successful characterization of the role of the newspaper editor in a small town.

The main event of the evening was, however, the farcical comedy sketch, "All Tangled Up," adapted from the three-act play by Charles Townsend, in which the following enacted parts: The Misses Amy and Elsie Newburn and E. Wilby, and Messrs. A. Lemm, C. Robinson, A. W. Semple, J. M. Stansby and A. J. Clunk. Solos were rendered by Mr. Robinson, and during intermissions between acts Mrs. Hunt played a number of piano numbers.

The Western Star Dramatic Club, the aggregation of talented artists presenting the performance, are anticipating a big house this evening, when added features of enjoyment will be an informal dance, following the performance, and a supper provided by the shopkeepers of Victoria West, the proceeds from which will augment the receipts for the worthy cause in aid of which the entertainment was organized.

# A Man's Estate

At age 21 "twas all the Estate he had."

At age 30 he wisely increases his insurance.

At age 40 he finds the security of his Estate unquestioned by his Banker.

At age 50 he has no fear of mortality for himself or his family.

At age 60 his "Estate" fully paid for becomes a substantial fund, earning dividends.

There is but one *certain* way of having an Estate, and that is through life insurance.

"The records of the Surrogate Office of New York County, covering a period of five years, showed that the average number of deaths among adults for those years was 27,011. Of these:
23,051 or 85 per cent. left no estate at all.
1,171, or over 4 per cent. left estates valued at $200 to $1,000.
1,436, or over 5 per cent. left estates of more than $1,000, but less than $5,000.
475, or nearly 2 per cent. left estates of more than $5,000, but less than $10,000.
490, or nearly 2 per cent. left estates of more than $10,000, but less than $25,000."

## *The Canada Life Way*

This Company will guarantee to provide at your death an Estate which is twenty or thirty times greater than the amount of your annual deposit. And if you live—

Every dollar of regular annual deposit will be returned at the end of twenty years, along with substantial dividends.

Fifty dollars a month will be paid to you while living if you should become totally and permanently disabled before reaching the age of sixty.

## *Our "Capital Return" Policy*

1st. Deposits are made yearly. This is what you are *saving*, and at the end of 20 years the Canada Life *guarantees* the return of every dollar paid in.

2nd. Your life is insured from the day you make the first deposit,—for $5,000, or whatever amount you decide.

3rd. Dividends are paid at stated intervals in addition to the return of all deposits at the end of 20 years.

4th. These dividends may be used to increase the amount of your insurance, or be allowed to accumulate at interest for 20 years.

5th. The cash value of Policy and Dividends represents a valuable asset, useful in business, and your "estate" is protected by the insurance.

6th. At the end of Twenty Years you can draw out all you have paid in, along with the accrued dividends—

—or—

you can draw a Special Cash Guarantee, together with the Accumulated Dividends, making a substantial sum, and leave the $5,000 Policy fully paid for and continuing to earn Dividends as long as you live—

—or—

this Special Cash Guarantee may be applied to increase the amount of your policy to more than $7500.

## IS SATURNALIA OF EXTRAVAGANCE

Continued from Page 5

with the 1920 total, he had not taken into consideration salaries under the headings of the medical inspection of schools, miscellaneous items for the Lands Department aggregating some $650,000, or those to be paid engineers under the Mineral Development Act.

### Huge Unnecessary Increases

Everything was being doubled by the present Government, salaries, revenue, expenditure and borrowings, declared Mr. Bowser, who asserted the present civil service staff is overmanned 20 per cent. and there is no necessity for all the officials except, perhaps, to provide fat jobs for political favorites. It was, he averred, an absurdity that a province with a population of 450,000 should be called upon to spend $2,203,000 in overhead expenses on salaries. No less than 35 per cent of the entire revenue was being devoted to that purpose. A business manager who made such a showing would not last until the next meeting of directors. He declared the Government would find when it went to the country what the people thought of such excessive and uncalled-for outlays, although he knew there was no chance of its doing that until constitutionally compelled to do so.

Premier Oliver: Why shouldn't we at the next session extend our term for ten years?

Mr. Bowser: Well, in view of some of your past actions I would not be at all surprised if you did. You only got into power because of a sort of spasm on the part of a people you deluded.

Premier Oliver: Well, after thirteen years of Conservative rule, I can understand the people having a spasm.

"Yes, and it won't be thirteen more years before they have another one," retorted the Opposition Leader.

Mr. Bowser asked what the people would receive for these heavy revenues being collected. The splendid road system left by the late Government had been allowed to deteriorate to the point where millions will be required to put them right. The Minister of Finance was everlastingly trotting out that old bug-bear that the late Government had dissipated its surplus of $8,000,000 in 1910. The fact was that sum had been put into roads, buildings, the purchase of Indian reserves, etc., all essentially capital investments. It was spent for such schemes because it belonged to the people, who were entitled to receive it back in some valuable form. If the present Government was fair it would, following its practice of crediting current outlays to capital account, to place a goodly part of that eight millions to capital account also.

Declaring that it took the present Government three years to get its credit back upon the same favorable basis upon which it rested when the late Government left office, Mr. Bowser said the suggestion by the minister that a domestic loan might be floated could not be carried out, that the people would not support it in view of the record of the Government in expenditures and borrowings. He pointed to the loan for $2,450,000 made last year with interest payable in New York, a five-year, five per cent. issue. The holders of these securities would insist upon having the interest paid in New York and with an adverse rate of exchange of twelve per cent., the rate when the loan was floated, and which would be expected to be more or less retained for the next five years in view of the existing and future financial conditions and state of trade, it could be taken for granted that on the first interest payment of $122,500 the adverse exchange would be $14,700 or $75,500 in the five years. At the date of the loan it would cost the Province, through adverse exchange, some $294,000 to transfer the money to New York. This with the amount of exchange on interest payments would make a total of $367,000 in addition to the actual interest charges of $612,500, or a charge upon the government of nine per cent instead of five and one-half per cent. the minister was priding himself upon. Had the minister been a business man and alive to the financial position he would have made provision for payment of interest in Canada, if he could not do that, at any rate made the loan for a period of twenty years, by which time the exchange situation would have righted itself.

### "Going to the Mat."

Mr. Bowser twitted the Minister of Finance upon the statement in the press that he was "going to the mat" with the Federal Minister of Finance over the dual income tax. Like the Minister of Mines, the Minister of Finance was a champion of provincial rights, but it appears that fight had never commenced, the minister hadn't even got his coat off. Now he was a most docile warrior and was going to hold a conference with the Federal minister and seek to arrange for the Province collecting both taxes. It was proposed to take away the income tax exemption from the widow and to reduce that for the widowers and bachelors. The only practical result of such a step, declared Mr. Bowser, was to encourage matrimony, presumably to permit the minister to collect a few more dollars on marriage licenses. The present was not the time to reduce the exemption but rather, in view of the high cost of living bearing upon everyone, to increase it.

The minister's eulogy of the efficiency of the government tax collectors led the opposition leader to remark that the Liberal ballit had been doing pretty well. If the same ability shown in collecting money from an already tax-burdened population were shown in reducing overhead expenditures there would not be a salary list of over three millions and a lot of new departments calling for heavy outlays, such as the Public Utilities Commission. Last year the opposition had claimed there was no need of such a department, that the people would have as little confidence in it and would remove themselves from its jurisdiction. That had happened, the B. C. Electric and B. C. Telephone companies having done so. The head of the commission was receiving a salary as large as the Premier's, and it was proposed to increase the chief clerk's salary, both of them doing nothing and having nothing to do. These new departments, all headed by party friends, were eating up large funds annually without commensurate benefit to the people, Mr. Bowser declared.

Mr. Bowser demanded that information be given to the House as to details of the lump sum vote for road purposes, and asked the Minister of Public Works for details of the $1,600,000 special vote for road purposes made last year on the plea of giving employment to returned men. Less than half a million had been spent. Also the House should know what it is proposed to do with the five millions to be borrowed for road purposes. Little Nova Scotia is spending $12,000,000 in five years for road work, so the Minister of Public Works was not proposing to do anything wonderful. In fact, he believed the proposed loan was being used merely as an excuse for raising the motor licence fee.

### Bringing Forth a Mouse

That the Municipal Taxation Commission was a case of the mountain laboring and bringing forth a mouse was Mr. Bowser's assertion when referring to the Minister's proposals for granting additional financial aid to the municipalities. It was proposed to give them the unpopular poll tax, one in which the Minister did not believe, which was declared by Professor Haig, the $7,000 expert engaged by the Government, to be unscientific and should be wiped out. It was a veritable municipal gold brick, he asserted. The difficulty and cost of raising the tax would be such as to make the tax useless so far as the municipalities were concerned. Then it was proposed to increase the amusement tax from 10 to 20 per cent on gross receipts, that is, doubling it, and then giving the municipalities one-half. In other words, telling the municipalities they would be allowed to tax themselves another 100 per cent. It was no magnanimous offer, Mr. Bowser opined. Truly, the Minister must have broken his heart, strained himself, in making that offer to the municipalities. Perhaps the municipalities had been unwise in the past, but it was needless for the Minister to have thrown up that fact to them. It was the future that counted. It was the bounden duty of the Government to give a goodly share of the motor license fees in view of the outlays by the municipalities upon roads.

Mr. Bowser declared the Minister had seen the opportunity of taking the municipalities by the throat and forcing them to relinquish to him their sinking funds in return for which they would receive Government bonds which might or might not be disposable at par. Having used up all loose change of the Workmen's Compensation Board he now wanted to grab the municipal funds. He knew the money market would likely be unfavorable and would not absorb his bonds under 7 per cent.

Mr. Bowser devoted some time to the proposed changes to be made in the line of the P.G.E. Railway, north and south of Quesnel, by which the Premier had figured there would be a saving of some $611,000 in construction cost and also $600,000 in capitalized operating costs. He stated he had been informed there would be an increase in grades which would materially increase the operating cost.

Premier Oliver interrupted to state there would be no change in grades and that he had in the Department of Railways one of the best railway engineers in America. The grades would, in fact, be less than the old ones.

Mr. Bowser pointed to the fact that in such an important matter it was unwise to rest upon the opinion of the Premier. Rather the Government should call into consultation engineers of reputation, such as Messrs. Sullivan, Tye or Stephens. The Opposition would support any such move. He regretted there was no possibility of the line being continued into the Peace River for some years, and thought the people there would be keenly disappointed. He favored Government action towards permitting the D'Arcy Exploration Company receiving the right to explore for oil in the Peace River country, pointing to the fact that that concern, a subsidiary of the Anglo-Persian Oil Company, was controlled by the British Government. Any concessions granted could be hedged about as the Government saw fit.

In connection with the Sumas reclamation scheme, too, Mr. Bowser strongly advocated expert engineering opinion be secured to pass upon the various schemes. The late Government had had reports upon it and the B. C. Electric Company had spent $100,000 for high class engineers to pass upon it, but had abandoned it, though it had been promised the land when reclaimed. The Minister of Agriculture would be wise, Mr. Bowser said, to consult with the other prominent engineers, rather than go solely upon the report of Mr. Sinclair, who had been dismissed by the Great Northern Railway and later by the B. C. Electric Company, so it could be taken for granted his reputation as an engineer was not high. In the face of other expenditures by the Settlement Board it could be taken for granted the Sumas scheme would cost about double the estimated outlay, and it was to be remembered the people of Chilliwack would not pay for it, but the people of the Province at large. If the scheme proved a failure the Province would lose everything it put in and so would the property owners. But as the scheme was an election promise upon which the Minister of Agriculture secured office and as another election was in sight it was a case of "the mud must fly, no matter what the cost."

The soldier settlement plans of the Government had proved nothing but a long series of mistakes, declared the Opposition Leader, who pointed to the $363,000 outlays upon the Merville scheme to date, an amount which, when pro-rated over the whole area, would mean that the cost of clearing would prove so high that the Federal settlement officials would never loan upon any such valuation as the Province would be forced to fix.

There had been no policy of co-operation between the Province and Ottwa. He recalled the Minister had claimed six weeks ago there would be an arrangement in respect to the valuations by the Federal Board, but nothing had been done. The soldiers were pressing for action, seeking to know when they could secure their allotments, but got no satisfaction. The result of the Land Settlement Board's operations had been little else but fighting among the members. One chairman was jettisoned and a second discharged.

### Giving Wrong Information

He criticized Hon. Mr. Barrow for giving wrong information to the public relative to the soldiers at the Creston area producing lumber at a cost much less than that charged by the mills, claiming the mill at that point was not yet in operation. He pointed to the fact that of the 7,000 acres of land bought at Creston some 2,600 of useless land was being charged up against the soldiers, that half a million has been spent and not a soldier knew whether or not he was going to get an allotment. The same story of incompetency on the part of the Land Settlement Board, Mr. Bowser alleged, was to be told in connection with the Christian ranch near Kelowna, on which some $55,000 was spent, $9,000 of which went to the president of the local Liberal Association as a rake-off on the purchase. And yet there was not available a drop of water, though the land is in the dry belt and must be irrigated. The board never even thought of water until after the tract was purchased.

Mr. Bowser suggested to the Minister of Agriculture that now there is opportunity for a full reorganization of the board. He expressed regret that there was evident an entire lack of co-operation between the Minister of Lands and the Minister of Agriculture. It had been shown that the former's department held some 2,200,000 acres of land taken back from the former owners under legislation passed by the late Government. But in answer to opposition questions the Minister of Lands had informed the House the "records are open to the board." That meant, Mr. Bowser said, that the Lands Department was keeping aloof from the Land Settlement Board, and while this private quarrel was going on the returned men were suffering and the public money being dissipated. He suggested to the Premier that the latter should leave his engineering feats to engineers and spend more attention to his warring Ministers.

In closing, Mr. Bowser congratulated the Government on taking a few planks of the Conservative party, adopted at the recent convention, such as assisting mineral prospecting, assistance to mining roads and trails, a small attempt to assist municipal financing, education of deaf and dumb children, and, finally, mothers' pensions. He declared that to develop a colonization policy there should be a department giving all its time to the work, one presided over by a practical head.

# The Driver's Experience *vs.* "Features" and "Talking Points"

GIVE the driver a chance, and he will take any amount of trouble to find out a *better way* of handling his truck.

Men drive all day, and then come long distances night after night to the *Packard Service Conference.* The class is always full. There is a long waiting list ahead.

It is unfortunate that the average driver's efforts to keep his costs down are so often thwarted by the *truck* he is given to work with.

THE following National Standard Truck Cost System facts on the performance of over 1700 Packard Trucks in 1919 have a *vital significance* for the truck user.

An average *saving in gasoline* of 10 per cent.—due to greater efficiency in operation with the aid of the National Standard System.

The National Standard System used in connection with Packard Trucks has shown it possible to reduce cost per ton mile.

Truck owners who have used the System for a year or more, and have compared the Packard with other trucks, are standardizing on Packard.

The driver finds the Packard easier all around to handle.

Less vibration; because of the smooth-running Packard engine, the construction of the worm drive, and the placing of 85 to 95 per cent. of the live load on the rear axle.

Less strain at the wheel, owing to the Packard semi-irreversible steering gear.

Easier handling on the hills, owing to Packard high tractive force on the road; and four-speed transmission graded up by even steps.

Easier to keep clean. Engine enclosed, and lubricated automatically. Fly wheel and clutch shut off from dust and mud.

THE man who is in doubt what make of truck to buy might well ask his *driver's* advice.

It may surprise him to learn the positive Packard opinion among men who judge a truck solely by what it will do.

### Her Case Was Given Up as Hopeless But Winnipeg Woman Gains 37 Pounds Taking Tanlac and Now Feels Fine.

"I can honestly say I didn't expect my wife to live much longer at the time she began taking Tanlac, but now she has actually gained thirty-seven pounds in weight, and, for the first time in four years, she is now able to do her housework," was the remarkable statement made reently by Harry Hoare, 349 Bradford St., St. James, Winnipeg, a valued employee of the T. Eaton Co.

"For the past four years my wife has been in such bad health we often despaired of her life. She was confined to her bed the greater part of the time, and finally her case was given up as hopeless and we didn't expect her to live much longer. Her health failed while she was passing through that period which is so trying on women, and she grew worse and worse until she became a complete nervous and physical wreck. Her appetite left her, and she ate so little she was slowly starving to death. She suffered from indigestion in its worst form and right after eating anything the food would sour and choke her up so bad in the throat and chest she would almost suffocate. Her heart palpitated until she became weak and dizzy and many times I have run to her thinking she was going to faint. Every day she had a terrible headache that would nearly blind her and she suffered with a pain in her back that was so severe she could hardly turn from one side to the other. Her nerves were so shattered she would jump at the least unexpected sound and she never knew what a night's rest was, but would lie awake hour after hour and sometimes all night long. Finally she had to take to her bed entirely for she was so weak she could not even raise her hand to her mouth; in fact she was absolutely helpless and had to be fed just like a baby. The only times she was out of bed was when I lifted her in my arms and let her recline in an easy chair. Before her troubles came on she weighed one hundred and twenty-five pounds but she lost weight until she got down to seventy pounds and was as near a human frame as a person could be. I tried every medicine I knew of, sent her to hospitals and spent over $2,000, but in spite of it all it looked like there was no hope for her.

"Finally someone suggested Tanlac and I got her some, but I'll admit I couldn't understand how it could help her after everything else imaginable had failed. There are some strange and wonderful things in this world, but I have never seen anything like my wife's recovery. It is nothing short of marvelous; why, she has been built up to where she actually weighs one hundred and seven pounds and looks like an entirely different person. Her recovery is the talk of the neighborhood, and we are all simply overjoyed at the remarkable change that has come over her. She is eating as hearty as ever, and never has a touch of indigestion. The headaches are gone and the pains have left her back, and she is free from nervousness and dizziness. She sleeps like a child, does her house work all by herself, and is looking as strong and healthy as she did before her troubles ever came on. I just can't express what pleasure it gives me to make this statement, as I wish the whole world could know what Tanlac has done for my wife."

Tanlac is sold in Victoria by D. E. Campbell, Druggist, and in Esquimalt at Lang's Drug Store. (Advt.)

## MAY QUEEN WILL REIGN IN NANAIMO ON 24TH

### Popular Holiday Will Be Celebrated in Time-Honored Fashion With Divers Sports and Pastimes

NANAIMO, March 30.—The proceeds of the coming Victoria Day celebration will be divided between the New Hospital Building Fund and the School Gymnasium Fund. A motion to devote the day's gain to the War Memorial Fund, after considerable discussion, was defeated, the president of the G. W. V. A. among others saying that the Association did not favor raising money by such means. Principal E. S. Martin said the School Gymnasium would cost $7,000, of which nearly $1,000 was already in hand.

The day will be celebrated in Nanaimo's time-honored style, with a parade, children's and other sports on the Green and the Cricket Grounds, a May Queen contest, aquatic sports, music, and probably a vaudeville entertainment in the evening. Mr. E. S. Martin, principal of the Public Schools, was appointed chairman and Mr. Adam Neen secretary of the general committee, which is composed of the following: Mesdames G. B. Brown, A. G. King, F. Reynolds, F. J. Davidson, McQuade, G. Horne and Richardson, and Messrs. Harvey Murphy, L. Horne, A. E. Filmer, A. Murdoch, W. G. Martin, O. K. Lord, T. B. Booth, E. Marshall, J. C. Dakin, A. Richardson, J. Ovington, W. Bernip, J. M. McGuckie, J. Barsly, J. Rowan, J. Knight, W. Hart and Mayor McKenzie.

The sub-committees appointed were: Finance: J. M. McGuckie, H. Murphy, Mrs. G. B. Brown; publicity, Messrs. T. B. Booth, E. Marshall, A. E. Filmer; parade, W. G. Martin; sports, W. Burnip; water sports, H. Murphy; music, Mrs. F. L. Reynolds; grounds, J. Barsly, W. Hart, J. M. McGuckie, J. Rowan, A. E. Filmer, L. G. Horne, A. Murdoch, J. Ovington and H. Richardson.

The refreshment booth committee, of which Mrs. G. B. Brown is chairman, will have charge of all the booths on the Cricket Grounds. The Red Cross Society will have entire management of the May Queen contest.

### NANAIMO PERSONALS

NANAIMO, March 30.—Mrs. McNeill, the daughter of Mr. and Mrs. Chas. R. Hardy, who, with her husband, Prof. McNeill, of the staff of Westminster Hall, Vancouver, has been spending the Winter in Chicago, arrived in town last evening on a visit to her parents. Prof. McNeill is expected Saturday evening.

The Misses Betty and Laura Sterling are home from school in Seattle, to spend the Easter holidays with their parents, Mr. and Mrs. R. R. Sterling, Finlayson Street.

Mr. and Mrs. Juriet announce the marriage of their daughter, Anne Elizabeth, to Henry A. Eastham, the ceremony taking place Saturday, April 10, at 7 p.m., in South Gabriola Hall.

Miss Bridgen, of the Methodist Social Service Board, will give a number of lectures on Womanhood and Girlhood, in Wallace Street Church, beginning Sunday, April 11. Miss Bridgen, who is a trained elocutionist, on her last visit to Nanaimo, created a very favorable impression.

Hector Gilchrist, son of Capt. and Mrs. Gilchrist, Wesley Street, arrived home Tuesday evening after a year's service as officer on the Slyria Victoria, formerly the War Cavalry, which plied between Norfolk, Va., and Europe.

Mrs. E. D. Irving, Fitzwilliam Street, who has been in California for several months, returned home last night.

Mrs. Forrest, who has been visiting her daughter, Mrs. P. Jones, of this city, sails from Vancouver today for her home in Australia.

Prof. Sedgwick, of B. C. University, will lecture on Saturday, May 15, under the auspices of the Nanaimo and District Teachers' Association.

Mrs. Muriel Quinn, of Vancouver, is visiting her grandfather, Mr. Mark Bate, Sr.

Mr. G. W. Barrett is severing his connection with the Geo. S. Grigor Co., and will begin business on his own behalf in Ladysmith. Mr. Baird, of Vancouver, arrives today to take his place in the local store.

## NANAIMO ADOPTS BETTER HOUSING PLAN

### City Council Takes Action for Benefit of Returned Soldiers —Subject of Bastion Receives Consideration

NANAIMO, March 30.—The returned soldiers can get ready for their nest building. The City Council last night took action under the Better Housing Scheme, two additional applications of Messrs. W. G. Ross Lane and W. G. Martin being referred to the committee for a report.

The Bastion was up again for discussion. A letter being presented from Nanaimo Post No. 3, Native Sons, asking for an amendment to the Municipal Act, or, failing that, for legislation permitting the Council to remit taxes on the Bastion. Hon. Wm. Sloan's assistance in the House had been promised. Referred to the Legislative Committee.

A storm drainpipe, 975 feet in length at a cost of $285 will be put down in the rear of the Imperial Star Laundry.

An 8-inch sewer will be laid on Kennedy Street between Wentworth and Fitzwilliam and on Robins Street, between Haliburton and Gillespie, at a cost of $1,900.

The city rents the steam roller to the Government for $11 per day, the former paying the engineer and the latter providing the fuel.

The children around Devril Square will have a sand box and see-saw on that playground.

The bill for repairs to the Cricket ground fences, presented by Mr. C. E. Bowlsby, of South Wellington Football Club, was not passed.

The old horse which has given a quarter century of work to the city, will be sold, Ald. Hodgson protesting that it should rather be pensioned in a pasture field.

### NANAIMO NEWS NOTES

NANAIMO, March 30.—Delegates of the Y. M. C. A. Tuxis Squares and Trail Rangers met last night in Wallace Street Bible Classroom and arranged for a field day next Friday afternoon, with exhibition games of indoor baseball, a game which is somewhat new to Nanaimo.

Miss Davidson, teacher of the domestic science night school class, was presented by her pupils at the closing session last night with a jardiniere and flowering plant as a mark of appreciation of the sixteen pupils. Almost all had completed their course.

Mrs. W. A. Wood, who is a relative of the late Mr. John Johnston, of Victoria, left this morning to attend his funeral.

## HEALTH CENTRE FOR COWICHAN DISTRICT

### Meeting Held at Duncan Devises Ways and Means for Establishment of Necessary Institution—Funds Raised

DUNCAN, March 30.—A meeting was held yesterday afternoon in the Odd Fellows' Hall with reference to the establishment of a health centre in Duncan, with representatives from different parts of the district in attendance.

Col. Moss occupied the chair and there were present: Mr. S. J. Heald and Mr. F. T. Elford, of Shawnigan Lake; Mr. L. Walton and Mr. G. A. Cheeke, of Cobble Hill; Mr. C. Wallich, of Cowichan; Mrs. Cheeke, representing the I. O. D. E. at Cowichan; Mayor Pitt, of Duncan; Mrs. T. Pitt, representing the Women's Institute; Mrs. R. H. Whidden and Mrs. F. S. Leather, the district nurse F. S. Leather, the District Nurse Committee; Mrs. F. G. Christmas, the Scattered Circle of King's Daughters; Mrs. H. D. Morten, North Cowichan Red Cross Society, and Miss Hadwen, the Duncan Consolidated School Board.

Col. Moss, Mr. C. Wallich, Miss Hadwen and Mrs. H. D. Morten were appointed a committee to work in conjunction with the present District Nurse Committee until the scheme is thoroughly organised.

It was decided that a health centre should be established in Duncan, the South Cowichan Red Cross Society making a grant of $500 toward the work and North Cowichan Red Cross also giving $500, and they have a guarantee of an additional $500, which brings the amount up to $1,500.

It was felt by the meeting that one nurse would not be sufficient to successfully carry on the work, and it was decided that Government financial aid should be sought to assist in making payment for the second nurse that will be required.

Pigeons are nowhere more abundant than in the East Indies.

## HUNGARIAN TREATY SHARPLY CRITICIZED

LONDON, March 31.—The treaty with Hungary was severely criticized in the House of Lords last night by Baron Newton and Viscount Bryce. The former asked whether Hungary's request for a revision of the harsh provisions had been definitely refused, and why millions of the populations severed from Hungary were not allowed to decide their fate by plebiscite.

Lord Bryce said: "We already have solemn warning to the effect of a peace made in a spirit of revenge."

The Earl of Crawford, Chancellor of the Duchy of Lancaster, replying for the Government, said that it was impossible to make a statement apart from the Allies, but he denied that the peace conference had refused to hear the Hungarian case.

**Newfoundland Sealers**

ST. JOHN'S, Nfld., March 31.—Sealing news today shows some improvement over the situation reflected last week. The steamer Thetis has struck a patch of white coats and reports that she has four thousand on board. She is thought to have struck the fringes of the main herd and may be lucky enough to take on a full load. Other ships of the sealing fleet still report no success in their hunt.

## INVESTIGATION STARTS

Civic Conciliation Committee Holds First Session in Connection With Discharge of Mr. Denholme

A statement from City Engineer Preston of facts leading up to the dismissal, and a hot rebuttal by Mr. Denholme which brought in allegations of indiscreet hor e-buying on the part of one alderman and an effort on the part of anothtr to have the city buy bad straw, marked the opening sitting of the Conciliation Committee which is investigating the cause of the discharging of Mr. J. E. Denholme from the post of superintendent of garbage collection.

Mr. Denholme had as coun el Mr. Oscar Bass. An audience of some forty persons, largely city employees, filled the spectators' benches in the Council Chamber, where the hearing took place. Applause, laughter and loud remarks from the "sidelines" at different period throughout the evening led Chairman Cameron to call for odrer.

Following a two-hour session the chairman adjourned the investigation until next Wednesday evening in order that the two aldermen against whom allegations were made by Mr. Denholme might have an opportunity of replying. Neither charge seems to have any bearing upon the subject of investigation, which is the dismissal of Mr. Denholme.

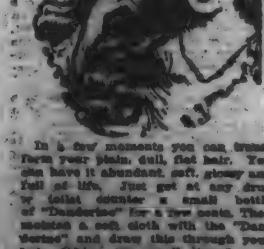

To Help Saanich Health Centre—Next Wednesday afternoon at the home of the president, Mrs. T. T. Hutchison, Little Saanich Mountain, the newly-organized auxiliary to the Saanich Health Centre will hold the first of a series of silver teas which have been planned as a means to assisting and promoting the work of the Victorian Order of Nurses in Saanich. Arrangements for the series were completed at the meeting of the Auxiliary on Tuesday afternoon at the Health Centre, 3711 Saanich Road. The officers of the new organization are: President, Mrs. Hutchison; vice-president, Mrs. M. Foster; secretary, Mrs. T. S. Watson; and treasurer, Mrs. J. N. Carruthers; and the regular meetings are to be held on the second Tuesday of each month.

**Prisoner Escapes**

VANCOUVER, March 31.—Provincial police are scouring the country in a search for Ernest Frank Emard who escaped from Okalla prison tonight. Emard was sentenced to six months' imprisonment from H. M. S. Stadacona.

## BRIGADE SUPPLIES BOYS TO EMPRESS

C. P. R. Sends Request to Local Organization for Seamen—Young Lads Trained Here Answer Call

Lieut. W. M. Hetham, R.N.V.R., Commanding Officer of the Boys' Naval Brigade, received a telegram yesterday morning at 11 o'clock from the Captain Superintendent of the Canadian Pacific Ocean Steamship Co., asking if two boys could be supplied to go aboard the Empress of Russia as ordinary seamen. This request was responded to in true seamanship manner, and Petty Officer Clarence Holder and Petty Officer George Glass left on the midnight boat last night for Vancouver, to report to the Chief Officer of the Empress liner for duty.

The above-mentioned boys have been members of the brigade since its inception, and have qualified in all its branches of instruction.

The brigade paraded to the C.P.R. wharf with both bands and gave their departing mates a real sailors' send-off. The boys went away with every confidence of doing their duty, and were proud to know that they were allowed to retain their uniforms. They were also very grateful to Messrs. David Spencers, Ltd., for the present of oilskins and southwesters, and to Messrs. O'Connells, Ltd., for the warm pair of gloves.

This is the first time that the brigade has sent any of their members to sea, and it is expected in the near future to have other qualified boys to take on similar positions. Petty Officer Glass is a son of Regimental Sergeant-Major Glass, of 857 Carey Road, and Petty Officer Holder is the son of Mr. Holder, of 826 Dominion Road.

**Skipper Lost Overboard**

VANCOUVER, March 31.—Word was received in the city yesterday that Capt. R. Winter, commander of the Canadian Government Merchant Marine steamship Canadian Raider was lost overboard on the voyage from Melbourne to Sydney, Australia. Details of the tragedy are unknown, a brief dispatch from Montreal merely announcing his death.

Captain Winter has been sailing this coast since 1908. He served with the C. P. O. S., the Canadian Robert Dollar Company, the old Canadian-Mexican Line from Vancouver, and with other ships.

Captain Winter was for many years a citizen of Victoria, residing on Avalon Road. Prominent in the Albion Cricket Club and very popular he was engaged in marine work during all the time he was here. At one time he was second mate on the Restorer, and also engaged in the trade to Mexico. At the time the old British sloop Egeria was taken from Esquimalt to Vancouver for training purposes Captain Winter was in command.

**Nothing New on Collision**

VANCOUVER, March 31.—No further developments are reported in connection with the collision of the Prince John and Prince Albert. The latter is still standing by the beached boat and a salvage outfit is hurrying to the scene.

**Towing Steamer In**

ASTORIA, March 31.—The steamer Multonomah, reported from San Francisco as in distress off the Columbia River Bar, early today, was being brought into Astoria late today by the tug Oneonta, which went to the rescue of the vessel when assistance was asked for. Two steam schooners were standing by the Multnomah besides the Oneonta. The Multnomah had lost a rudder reports here stated.

**Soviet Russia Libel Suit**

SAN FRANCISCO, March 31.—The Soviet Government of Russia, through two San Francisco attorneys filed a libel action in the United States District Court here today for return of the Russian steamer Rogdai, now in San Francisco Harbor to Bolsheviki control and the payment of $50,000 damages for the libelling of the vessel by other parties. The suit was filed in the name of "Russian Socialist Federal Soviet Republic, by Ludwig C. A. Martens, its representative or agent."

**Liner Floated**

SAN FRANCISCO, March 31.—The Pacific Mail Company's steamer Colombia, reported ashore on a sand spit in the Harbor of Yokohama, was floated without damage today, the Marine Department of the Chamber of Commerce was advised by cable.

**Green Star Launching**

VANCOUVER, Wash., March 31.—The 9,600-ton steel steamer Arcturus, first of five privately owned steel vessels to be built for the Green Star Line, by the G. M. Standifer Construction Co., here, was launched today at 12:30 o'clock. Mrs. H. R. Struthers, wife of one of the representatives of the Green Star Line, christened the vessel as it slid down the ways into the Columbia.

The Arcturus will ply in the trans-Pacific freight service, Seattle being her home port. After loading part of her initial cargo at Portland she will proceed to Seattle for the remainder of her cargo and then start on her initial trip across the Pacific.

**Notice to Mariners**

Mariners are herewith notified that the electric light and fog bell on Shoal Point Beacon at the entrance to Victoria Harbor have been carried away. These will be replaced and again put in operation as soon as possible.

Mariners are notified that the red light on Hospital Rock Buoy, Victoria Harbor, will be discontinued, during the Summer months from Thursday, April 1, 1920. Notice to Mariners No. 112 of 1911.

Mariners are notified that Reef Bluff Buoy No. 2 at the southern entrance to Baynes Sound has been reported out of position approximately ¼ to ⅓ of a mile in an E.N.E. (Mag.) direction. This buoy will be replaced in its proper position as soon as possible.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmint (Double Strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

## SOVIET PROPOSALS ARE SENT TO POLAND

WARSAW, March 31.—Willingness to commence peace negotiations with Poland on April 10 and proposals for an armistice over the entire front are contained in the reply of the Russian Soviet Government to the Polish note of March 27, the reply being received here this morning.

The Soviet note suggests that the peace conference to be held in a neutral state, preferably Esthonia, instead of Borisov, as proposed by the Poles. It is understood that it is probable that the Polish Government will refuse to agree to an armistice and will also insist upon Borisov as the place for negotiations.

## STORM-SWEPT AREA BEGINS REPAIR WORK

CHICAGO, March 31.—Districts of the Middle West and South swept by the tornado Sunday, with a loss of 154 lives, were recovering rapidly today, and rebuilt homes began to rise from the wreckage.

Committees were organized to care for the thousands of homeless and injured, and funds were being raised for relief and reconstruction work.

Property loss suffered in the eight States affected was estimated at from $8,000,000 to $15,000,000. It was believed today that the death list would not be materially changed since practically all affected localities have been heard from.

## SEEK COMMISSION ON LAND PURCHASE

VANCOUVER, March 31.—Goddard & Son, the real estate firm, have begun Supreme Court proceedings against the Soldier Settlement Board, L. F. Burrows, one of the board's officials, and the heir and executors of the late Donald Stewart, of Matsqui. The suit arises out of the purchase by the Soldier Settlement Board of the Stewart estate at Matsqui for $60,000. Goddard & Son interested themselves in the deal, but before it was completed Parliament had decreed that commissions could not be paid on Soldier Settlement Board land purchases.

The commission claimed in this case is $3,000.

## NAVAL YARD HAS FURTHER ORDERS

Preparing Machinery for Coming Shutdown — Restless Given to Hydrographic Survey—Stadacona to Fisheries

The Esquimalt Naval Yard has received orders not to take on further work after April 15, when the machinery will be tallowed, the packing removed, boilers emptied, and other preparations made for the shutting down of the yard. By the end of April practically everybody will be out of the yard and the equipment will lie idle. Just what will be done about the fishery patrol ships and the hydrographic survey boats is not known, but evidently private firms are to handle the repair and overhaul jobs in future. While orders are that civilian employees are to be out of the yard by May 15 they will not be needed after the end of this month, from present indications. Only a few of the naval officers will remain to straighten up the final details.

The small steamer Restless is to be turned over to the Hydrographic Survey, according to the latest orders. This boat was recently laid up after being in use as examining ship at the entrance to Esquimalt Harbor during the war. The Restless will be utilized for survey work, in addition to the Lillooet, which is now undergoing her annual overhaul. The latter craft goes into drydock on April 6.

The Stadacona comes under the Blue Ensign today, ending her commission under the White Ensign last night, when her crew was paid off and the men given the option of going into the fisheries service with the ship if they wished. Some agreed to do this. Capt. Holmes Newcombe, former commander of the Malaspina, is to be master of the Stadacona, with Capt. L. Shepherd, former first officer of the Dunsmuir yacht Dolaura, as first officer. The Stadacona is now in the fisheries protection service.

Capt. Ford, who was recently given command of the Thiepval, gets the Malaspina, while Capt. Adlum is to command the Thiepval.

**Unloading Rainbow**

The cruiser Rainbow is now alongside the dock at the Esquimalt Naval Yard, unloading her stores. She was completely equipped for sea, even having provisions on board. The boat was partly dismantled after the war ended, but was made ready for sea again at the time of the labor troubles about a year ago. In answer to a query from the Naval Yard, Ottawa wired not to prepare the Rainbow for sale. There was no information other than this available.

The fisheries patrol boat Malaspina leaves Esquimalt on Monday night for Triangle Island with stores.

The Thiepval leaves on Friday to relieve the Armentieres which is waiting off the West Coast to escort the seal herd north. The Armentieres will tow to Esquimalt the boat from the Bamfield life-saving station which is in need of engine repairs. The Naval Yard does these repairs ordinarily, but it is not known who will handle the job in view of the yard closing down.

## MOTORISTS TO PAY MUCH HIGHER FEES

New Scale of License Charges Are Set Forth in Bill Tabled in the Legislature Yesterday —Other Measures

The new scale of fees to be charged for motor licences is set forth in the bill respecting the operation of motor vehicles which Attorney-General Farris tabled in the Legislature yesterday afternoon, a measure which will repeal the existing regulations. Under the scale of fees proposed the Government expects to derive an increased revenue of $400,000 which, it is proposed, will be devoted to a five million loan to be made for main trunk road purposes.

The new fees are based upon the value and weight of the motor cars, on what are termed "taxation units," computed by adding the value of the vehicle expressed in dollars to the weight of the vehicle expressed in pounds.

A registration fee of $10 will be required from owners and dealers and others who are required to register with the Superintendent of Provincial Police and take out a licence.

In addition there is an annual licence fee on the vehicle, as follows: For each vehicle representing 2,500 taxation units or less, $15; for each vehicle over 2,500 units, $15, plus an additional fee of sixty cents for each 100 taxation units over 2,500. For motorcycles the registration fee will be $5 and an additional licence fee of $7.50. Trailers having a rated carrying capacity of not exceeding one-half ton an annual licence fee of $5; of a capacity exceeding one-half ton, an annual licence fee equal to one-half of that charged for motor vehicles, other than motorcycles, of like value and weight.

Dealers will pay a minimum licence fee of $50, entitling them to the use of five number plates or sets of duplicate number plates and to offer for sale and to operate for purposes of demonstration for sale, five vehicles or trailers at one time. For each additional vehicle or trailer required to be covered by the licence, a further fee of $10.

In respect to motor-cycle and trailers only, dealers will pay a minimum fee of $25, entitling the holder to the use of three number plates and to offer for sale and operate for the purposes of demonstration for sale, three at one time. For each additional motor-cycle or trailer, a further fee of $5.

Additional fees are provided for substitution of license and number-plate ranging from one dollar to two dollars.

The bill was given its first reading.

By an amendment to the Soldiers Homestead Act Repeal Act the time for soldiers applying for allotments of land upon which they have arrears of taxes will be extended from March 31 to September 30 of this year.

A similar extension is provided for in the bill to amend the act permitting the Lieutenant-Governor-in-Council to grant relief from penalties and forfeitures in relation to moneys payable to the Crown. It applies specifically to the Coal and Petroleum Act under which fees are payable and will affect returned men only.

Hon. William Sloan introduced a bill to amend the Iron Bounties Act passed in 1918, giving the Government authority to grant bounties upon iron produced in the Province. The period within which the bounties could be granted was up to December 31, 1922. This time is now to be extended to December 31, 1925.

An extension in the period within which applicants may apply for proportional allotment under the provisions of the Townsite Proportionate Allotment Act will be extended from May 1, 1919, to September 1, 1920, by the bill introduced by Hon. T. D. Pattullo, Minister of Lands.

Attorney-General Farris introduced a bill to disincorporate the City of Sandon which has been under a receivership for the past ten years. The city, which was incorporated in December, 1897, will thus terminate its career as an incorporated community.

BLISS NATIVE HERB TABLETS

Your face is covered with pimples. Your skin is sallow. The eyes are yellow. You have headaches. You are tired all the time. Your sleep is disturbed by bad dreams. You don't want to get up in the morning. You have to force yourself to work. That is because your STOMACH, LIVER and KIDNEYS are out of order, and you are CONSTIPATED. One BLISS NATIVE HERB TABLET at night before going to bed, and you get rid of all such troubles. Mrs. John T. Evans, R. F. D. 1, Poteau, Mo., writes: I suffered with pains in the back. I could not rest at night. My back hurt me so badly I could not lie still one way or the other. I began using your medicine and after a while the pains in my back were relieved. Each box contains a GUARANTEE coupon, and is sealed with a blue seal bearing signature of ALONZO O. BLISS. For sale by all leading druggists in boxes containing 200 doses for $1.00 and a smaller size for 50c. Made by A. O. BLISS CO. WASHINGTON, D. C.

## FIUME GROWS TIRED OF D'ANNUNZIO'S RULE

LONDON, March 31.—Gabriele d'Annunzio has issued a manifesto at Fiume, according to an Exchange Telegraph dispatch from that city, bitterly deploring that his officers have permitted the publication of leaflets urging the proclamation of a republic.

A popular rising is expected, as the people of Fiume, it is asserted, are tired of the arbitrary rule of d'Annunzio, who has imprisoned more than a thousand of his opponents.

## JAPAN TO GIVE UP TREATY CONCESSIONS

SAN FRANCISCO, March 31.—Japan has notified the Governments of the United States, England and France, that she is ready to give up certain concessions in the provinces of Mongolia and Manchuria in response to pressure by these powers, according to a cablegram received by The New World, a Japanese daily newspaper, here today from its Tokio correspondent. The claims that Japan will relinquish were not specified in the cable.

The negotiations will be opened in the near future with China to determine the extent of the privileges that will be given up by Japan, it was said. The whole subject was covered in a treaty between China and Japan, portions of which the United States, England and France asked Japan to abrogate in order that absolute dominion of the provinces mentioned might be returned to China, The New World's correspondent announced.

The negotiations with China are the result of these demands.

**Flammarion Talks About Mars**

PARIS, March 31.—Belief that the strange signals picked up by wireless stations recently come from the planet Mars is expressed by Camille Flammarion, the famous astronomer. He thinks inter-stellar communication may yet become a realized fact but he is inclined to believe it will be accomplished by the use of some magnetic force which is not as yet developed.

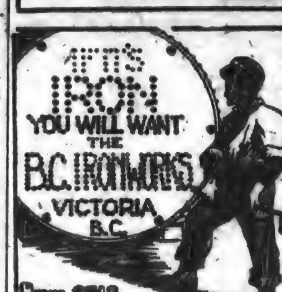

The custom of using a coat of arms is traced to early Biblical times.

Why Spring Brings Out Freckles and Eruptions

The sudden appearance of freckles, slight eruptions or fine lines at this season is attributed by scientists to the "actinic ray," which is usually active during the Spring months. Where the skin is so affected by this influence, if one will procure an ounce of common mercolized wax at any drug store, apply a little of it before retiring, like cold cream, she can easily overcome the trouble. When the wax is washed off next morning, minute flaky skin particles come with it. The entire outer cuticle is removed in this way in a week or two, with all its defects.

No bleach could so effectually remove freckles or blemishes. The new surface is smooth, clear, fresh looking. No harm or inconvenience accompanies this simple treatment.

# PROFESSIONALS TAKE CHARGE OF MARKET

## Trend of Prices Is Upward, But Realizing of Profits Applies Check—Some Sharp Gains and Losses

NEW YORK, March 31.—The session of the stock exchange today was dull and professional, but the trend of prices was unmistakably upward, though easing generally on realizing of profits in the final hour.

There was no visible change in the money situation, demand loans again opening at 8 per cent, and rising to 12 per cent toward the close. Time funds were virtually unobtainable, except for renewals into the year's second quarter.

Foreign exchange retained all its recent uncertain character, the London rate rallying briskly probably as a result of further gold imports. Lire declined to the new discount of 20.75 to the dollar, but advanced slightly at the close.

In its main essentials the stock market was quiet. Crucible Steel rose 7 to 269¾, but forfeited all save a fraction at the end, and Vanadium made a net gain of 5⅝ to 73⅝, which registered a new high quotation.

Additional features of strength embraced General Motors, Baldwin Locomotive, International Motor, sugars, oils and tobaccos, also the stocks of various express companies, but these offered less resistance to the late realizing pressure. Rails, especially secondary issues, were backward throughout, and Atlantic Gulf was the only member of the shipping group to display strength.

Sales, 800,000 shares.

Trading in bonds was larger, but the expansion was mostly at the expense of values, rails showing heaviness. Liberty 3½s reacted rapidly, but international held steady. Total sales, par value, $11,375,000. Old U. S. bonds unchanged on call.

IN THE SUPREME COURT OF BRITISH COLUMBIA

Victoria, June 18, 1919, Registry. R. No. 327; 1919.

Between:
HELEN RUSSELL, Plaintiff,
and
JOHN HAYES McCULLOCH, and CECIL BERKLEY MILES, and FRANK SMEDLEY, Defendants.

George The Fifth, by the Grace of God of the United Kingdom of Great Britain and Ireland, and of the British Dominions Beyond the Seas, King, Defender of the Faith, Emperor of India,

To:
JOHN HAYES McCULLOCH, of Victoria, British Columbia, and CECIL BERKLEY MILES, and FRANK SMEDLEY, both of Saanich Municipality, British Columbia.

We command you that within eight days after the service of this writ on you, inclusive of the day of such service, you do cause an appearance to be entered for you in an action at the suit of HELEN RUSSELL, of No. 158 Robertson Street, Victoria, British Columbia.

And take notice, that in default of your so doing, the Plaintiff may proceed therein, and judgment may be given in your absence.

Witness, The Honorable Gordon Hunter, Chief Justice, the 18th day of June, in the year of our Lord one thousand nine hundred and nineteen.

N.B.—This Writ is to be served within twelve calendar months from the date thereof, or, if renewed, within twelve calendar months from the date of the last renewal, including the day of such date, and not afterwards.

The Defendant may appear hereto by entering an appearance either personally or by solicitor at the office of the District Registrar of this Court at the Court House, Victoria, B.C.

C. L. HARRISON,
Plaintiff's Solicitor.

The Plaintiff claims specific performance of an agreement in writing dated the 2nd day of October, 1912, and made between the plaintiff as vendor and the defendant John Hayes McCulloch as purchaser, and as against the defendants, Cecil Berkley Miles and Frank Smedley as holders of a registered sub-agreement to purchase part of the lands mentioned in the said agreement. For an account of the sums due the plaintiff and a declaration of a lien in respect thereof as to the lands comprised in the said agreement that is to say: Lots 48 and 49 part of Sections 55 and 58, Cedar Vale, Victoria District, Map 394 (now known and described as Lots 1 to 10 inclusive, Block 1; Lots 1 to 27 inclusive, Block 3; Lots 1 to 22 inclusive, of Block 3, and Lots 20, 21, 22, of Block 2, of a subdivision of Lots 48 and 49, Victoria District, Map 1648), except that part thereof granted for a right of way (Shelbourne Street), being part of Lots 20, 21, 22, aforesaid, and colored pink on right of way map 18, and registered as No. 386191; and for payment of the sums found due and in default of such payment the said plaintiff claims:

1. That the said lien be enforced by sale.
2. A Receiver.
3. Possession.

And in the alternative.

1. A Declaration in default of payment and performances within a time to be limited by the Court that the defendants and each of them have abandoned the said agreement and all rights thereunder and that the said agreement is abandoned and determined and thenceforth of none effect and that all monies paid thereunder are abandoned and forfeited to the plaintiff.
2. Or Determination or recision of the said agreement.
3. Possession of the said lands comprised in the said agreement to the plaintiff and a declaration of her title free from all claim of the defendant and each of them.
4. Cancellation of all registrations of the said agreement under the Land Registry Act.

IN THE MATTER OF THE ESTATE OF JANE ALLEN, LATE OF KEATINGS, SOUTH SAANICH, Deceased.

Notice is hereby given that all persons having any claims against the above-named who died on February 28, 1920, are requested to send to the undersigned their names and addresses and full particulars of their accounts and the nature of the securities, if any, held by them, duly verified by affidavit, and all persons indebted to the said deceased are required to forthwith pay the amount of the said indebtedness to the undersigned.

## WINNIPEG GRAIN MARKET

WINNIPEG, March 31.—There was a strong undertone to the future markets today, and although the volume of business was not large, prices made good advances through the entire coarse grain list.

Offerings in the cash grains continued very light. There was a fair demand for all grades of oats and barley, with flax and rye dull. Spreads were unchanged.

Oats closed 1⅛ cents higher for May and 1⅝ cents up for July; barley 2⅜ cents higher for May, and 3¼ cents up for July; flax 3 cents higher for May and 1 cent for July, and rye 1⅜ cents higher for May.

# METROPOLITAN LIFE BREAKS THE INSURANCE RECORD

The annual report of the Metropolitan Life Insurance Company, which is summarized today, shows that the Metropolitan broke all the world's records for business in 1919. During the early part of the year, many claims, traceable to the epidemic of influenza, which extended roughly speaking, over the period from September, 1918, to March, 1919, figured in the mortality of the company, although general health conditions during the year were better than usual. The industrial death rate in 1919 was the lowest in the history of the company.

Notwithstanding the current stories of wasteful spending on the part of those receiving more money than heretofore, the experience of the company indicates that a greater number than ever are saving their money and investing it in life insurance for the protection of their families. Increased wages, together with the fact that the influenza epidemic brought new emphasis to the need of life insurance, and the Government's scheme of war risk insurance, which placed the amount needed by the average man at ten thousand dollars, are reflected in the world-breaking record that the company made in writing new insurance. The total new business was one billion four hundred and eighteen million six hundred and eighty-one thousand four hundred and ninety-two dollars, an amount greater than was ever placed by any company in any year anywhere. People in all circumstances seem to have held the same attitude toward the taking of new insurance, because the so-called ordinary insurance, the larger policies, amounted to almost eight hundred million dollars, and the industrial, the small policies on which premiums are paid weekly, to something over five hundred million dollars, while the comparatively new branch known as group insurance, where employers take policies covering their employees, reached the total of nearly one hundred and twenty-two million dollars. The total number of policies outstanding is 21,770,671 for the enormous total of $5,343,652,434.

Canadian policyholders will be interested in knowing that the rate of exchange between the United States and Canada in no way affects them because all premiums on policies in force in Canada are payable in Canadian funds.

# DON'T BE AN APRIL FOOL TODAY

Many persons may be saying "You can't fool me," but how many know that there are many origins given for the celebration of April Fool's day? One explanation goes back as far as the time of Noah, it having been believed by some that he sent the dove out of the ark on the first day of April, and that the dove played a trick upon him and did not return. Another explanation given is that at one time April was the first month of the year, and the first day of April was marked by celebrations and feasts and merry-making. When the calendar was changed and the honor of New Years' Day was taken from April, the merry-making continued as a hollow mockery. Some people thought that they were fooling themselves into making a holiday of April 1, and after a while it became the custom to play pranks and tricks upon other people. In France the day is set aside and marked with great pomp; a king of fools is chosen, and on that day he rules supreme in his court of fools.

**Different Customs.**

In different countries the day is observed in different ways. In this country when we fool a friend we all know how to say "April fool!" In Scotland the person thus fooled is called an April gawk; and in France the victim of a prank is called an "April fish!" In some countries it is even the custom to mask on the first of April, and the streets of those countries are thronged with merry-makers and masques all day long.

In short, it is the one day when fun and frolic hold sway, and law and quiet are relegated to the background.

**Keep Your Wits Sharp.**

On April first you want to keep your wits sharp and take care that you are not the victim of some friendly joke. It might be well, to avoid picking a pocketbook from the street unless you are sure there is no string on it and no small boy hiding behind a corner. Hold tightly to your handkerchief so you will know not to look around when someone cries "You've dropped your handkerchief." Be careful when you open your mail—it may even be filled with blank sheets of paper. There are many, many tricks which will be played today, and it is fun to play them on others, but who wants to be an April fool?

**Workers Wanted**

WINNIPEG, March 31.—About 1,500 men for farm work and 5,000 for other branches will be required within the next few weeks by the employment service of Canada, J. A. Bowman, the Provincial Superintendent, stated today. Wages offered to farm laborers are $75 a month for experienced men. Married couples for farms get about $110 a month, the superintendent said. Nearly 2,000 men have left the lumber camps in Northern Manitoba and will be available for farm and other work soon.

**Alberta's Expenditure**

EDMONTON, March 31.—Appropriations to the extent of $19,389,994.45 for capital and administrative expenditure in the province during 1920, were finally approved in the legislature Tuesday afternoon, all items of the annual estimates being disposed of after deliberations on the various votes lasting more than one week.

**Western Union Profits**

NEW YORK, March 31.—Profits of the Western Union Telegraph Company for 1919 were $10,635,386, equivalent to $10.65 a share on the $99,786,726 outstanding capital stock, according to the company's annual report made public tonight.

Butter was discovered by carrying milk on camels, the jolting motion producing the butter.

# BEFORE BUYING BONDS

it is essential that the investor should have a knowledge of values as distinguished from superficial opinion. This can only be gained by a careful study and analysis of the security which you intend to purchase.

It is the business of this company to study the financial condition of all Canadian bond issues as affected by economic conditions, and from every angle that will throw light upon the true value of the bond.

We invite you to send us a list of the securities you own or are interested in for appraisal. The result of our investigation will be given free of cost or obligation and is part of our service to investors.
